

PRESSURE BROUGHT TO FORCE GREECE'S HAND

London, Oct. 21.—The entente powers are bringing all possible pressure to bear on Greece in order to elicit an unequivocal declaration of her policy toward the other Balkan states and the European belligerents. They have intimated clearly that on account of the geographical position of Greece and her treaty obligations to Serbia her announced policy of neutrality will be difficult if not impossible, to maintain. It has become a question in the opinion of the allied diplomats, of not permitting Greece to continue what is considered an ambiguous policy until their opponents in the war are able to utilize the neutral position of Greece to their own advantage. The Greek government is now considering the British offer of the Island of Cyprus, which, according to an Athens message, Britain will cede immediately on condition that Greece joins the allies. The Russian foreign minister, M. Sazonoff, has issued a statement that he considers the allies justified in adopting any measure to prevent their enemies from taking advantage of neutral position of a third power. The reported proposal of the British government to purchase the co operation of Greece in the war by ceding to her the Island of Cyprus is regarded by the London press as authentic, but is by no means universally approved. The Evening Standard says: "We object to bribes, especially useless bribes and unquestionably the offer of Cyprus is a bribe. The only thing which distinguishes it from German bribes is that Germany offers other peoples' territory and we our own." "If the Greek government coolly refuses to carry out its bargain with Serbia how can we be sure it will carry out another? What new engagements can bind statesmen who have just dishonored their written undertaking. Is perfidy of this kind to be rewarded by gifts of British territory?"

OUTNUMBERED 5 TO 1 AMERICAN SOLDIERS STOP A BOLD NIGHT RAID OF MEXICANS ON TOWN

THREE U. S. FIGHTERS KILLED, AND FIVE OF THE INVADERS; MORE RAIDS MADE TODAY

Brownsville, Tex., Oct. 21.—Mexican bandits raided Ranch property near Sebastian today and fought with Texas rangers and deputy sheriffs who pursued them. No casualties were reported on either side. Sebastian is forty miles north of here and fully fifty miles from the Ojo De Agua battle ground where Mexicans attacked United States troops this morning.

Brownsville, Tex., Oct. 21.—About seventy-five Mexicans at two o'clock this morning attacked fifteen American soldiers at Ojo De Agua, about sixty miles up the Rio Grande from here. Three soldiers were killed and six wounded and at least five Mexicans killed in the battle which followed. Some of the Mexicans fled across the Rio Grande, into Mexican territory when American cavalry reinforcements came up.

Ojo De Agua is near the river. Dense brush, which even in daylight limits the range of vision often to a few feet afforded the Mexicans perfect cover as they scattered into small groups and made toward the Mexican boundary.

Failed In Surprise

The bandits apparently failed in their purpose to take the American troops by surprise. A picket reported their presence in time to give the troops a chance to take positions for their desperate resistance against odds. The soldiers at the Mexican settlement were members of troop G, third cavalry and of Company D, signal corps. Sergeant Shafer of troop G, commanded the entire detachment. He was killed and with him Privates Joyce and McConnell of the signal corps. Five cavalrymen were wounded, Privates Bowmer, Shalouback, Behr, Langlands and Kuble and also three signal corps men, Sergeant Smith, Private St.

THANKSGIVING DAY NOV. 25

Washington, Oct. 21.—President Wilson today in a proclamation designating Thursday, November 25 as Thanksgiving Day, called attention to the fact that the United States has been at peace while most of Europe has been at war.

"We have been able to assert our rights and the rights of mankind without breach of friendship with the great nations with whom we have had to deal," said the president.

The text follows:

President Says United States Favored by God in Order to Perform Her Duty in World Crisis.

"It has long been the honored custom of our people to turn in the fruitful autumn of the year in praise and thanksgiving to Almighty God for his many blessings and mercies to us as a nation. The year that is now drawing to a close since we last observed our day of national Thanksgiving has been, while a year of discipline because of the mighty forces of war and of changes which have disturbed the world, also a year of special blessing for us.

Big Sensation Is Sprung At Trial Of GlenDenning

Columbus, O., Oct. 21.—"Before this referendum business on the McDermott law is over Willis will have a Whitacre man in his camp."

This is the statement which John A. O'Dwyer, Democratic leader of Lucas county, made to Charles W. Herbst, Democratic member of the Allen county liquor licensing board, when Herbst went to see O'Dwyer at Toledo on request of Byron M. GlenDenning state licensing board member, according to Herbst's testimony today at the hearing before Gov. Willis on charges of misconduct against Mr. GlenDenning.

Herbst said he asked O'Dwyer if he might get into trouble by circulating referendum petitions on the McDermott law. O'Dwyer is said to have replied: "GlenDenning has an understanding with a Republican member which can not be made public now and there is nothing to fear."

WANTS EUROPEANS TO GIVE UP ALL THEIR AMERICAN COLONIES

Buffalo, N. Y., Oct. 21.—The time is ripe for the United States to ask European countries to relinquish possession of their colonies in the Western Hemisphere, in the opinion of Charles H. Sherrill, former United States Minister to Argentina, who delivered a remarkable address along this line before the University of Buffalo today.

He went so far as to suggest that if financial considerations were involved the United States might meet the cost.

"The speaker did not make it entirely clear whether he would include Canada in the bargaining for independence, saying only: 'Canada can have her independence whenever she likes it, but continues her connection with the British Empire by her own action.' Sherrill spoke more particularly of freedom for the Guianas, British Honduras and such European colonies.

BIG DROP IN PRICE OF HOGS

Chicago, Oct. 21.—Sensational breaks of 35 to 50 cents on the hundred weight took place today in the value of hogs. As quotations last night showed a drop of 40 to 50 cents under the previous day's average, the smash in prices today ranged from 75 cents to \$1.00 a hundred pounds as compared with 48 hours ago.

According to Edward A. Labart, an official of Morris and company, the extraordinary drop in values is largely the result of interference of Great Britain with commerce of the United States with neutral European countries although the over supply of hogs and the unusual crop conditions this year have out considerable figure.

Mr. Labart today said: "The fact was pointed out several weeks ago by the American packers that unless some action was taken by the United States, the live stock business of this country would in a large measure go to ruin. The breaks in prices are only a fore-runner of what can naturally be expected."

Columbus, Oct. 21.—The Youngstown and Ohio River Railroad company today asked the Public Utilities Commission for authority to issue \$200,000 one year bonds, to be used in taking up an equal amount of other securities.

HAND OUT THE JOBS

Columbus, Oct. 21.—The State Industrial Commission today announced the appointment of the following clerks as stenographers, all from Columbus:

Charles F. Mullington, \$1200; R. A. Taylor, \$1150; Merle Cornell, Albert A. Rose, Harriet H. Wylie and Maud Baker, Z. P. Cannon, of Lancaster, was appointed clerk at a salary of \$1200. Clyde W. Gregg, of Columbus, was made moving picture operator in the department of film censorship, with a salary of \$800.

Mrs. Emma Barber McFadden has returned from a two week's visit in Manchester.

RUSSIA MEETS WITH NEW SUCCESS IN EAST; SERBIA IS STILL IN DIRE PERIL

Petrograd, Oct. 21.—(Via London)—An important Russian success in the region of Baranovichi, resulting in the capture of several German positions, 5,552 men, and ten machine guns and one piece of artillery, was announced today by the war office.

Baranovichi is in the central portion of the Russian line, to the north of the Pripiet river.

Berlin, Oct. 21.—Russian reports of successes on the central and southern end of the line received partial confirmation in today's German statement. German forces on the Styrr were compelled to retreat, losing a few cannon.

Pushing Back The Serbians

Berlin, Oct. 21.—(Via London)—The Austro-German army of invasion in Serbia is pushing back the Serbians over the entire front. The German advance is being checked at the Tonic river north of Mitin, from Berkowitz to the south.

Pope's Peace Plan Is Not A Success

Rome, Oct. 21.—(Via Paris)—Pope Benedict has just received from King Albert of Belgium, a reply to an autograph letter from the Pope, urging the King to initiate steps looking to the conclusion of peace. King Albert replied in the negative.

GOVERNOR IN DARK

Columbus, Oct. 21.—Governor Willis said today he knew of no meeting here tonight of Republican leaders to discuss the presidential chances of any Ohio men. Senator Harding was expected in Columbus late today, but it was said at the governor's office this visit had no connection with such a conference.

Claim Story Of Woman's Execution Will Shock The World

London, Oct. 21.—The circumstances connected with the execution by the German authorities at Brussels of Miss Edith Cavell, a British nurse, occupy constantly increasing attention in London. The forthcoming publication of the report of Brand Whitlock, American minister to Belgium, on his efforts in Miss Cavell's behalf is awaited with keenest interest.

The Mail says the report is a long one, and adds:

"The account will strike a note of horror throughout the world. It will tell of the wonderful heroism of a woman who had nursed German wounded. It will tell of the greatest fight for a woman's life that was ever fought, of unavailing efforts of nobles and neutrals to combat the callous secret cunning of the Germans."

The Post publishes today a letter from Miss Cavell's cousin concerning her devotion to her work as a nurse.

"My cousin's intense devotion to the alleviation of suffering caused her to devote her life to nursing in Brussels," the letter says.

"She voluntarily remained there to continue her work when the city was taken by the Germans. She would have nursed a German with as much tender care as an Englishman."

"In a letter to me she said: 'We have no wounded here now. The allies do not come here and the Germans are sent back to their own country. The few that remain are nursed by their own country women, so we are denied the great consolation of being of use in our own special way.'"

"She allowed the womanly quality of compassion to get the better of prudence and self interest. For this she has suffered untold miseries and died a martyr's death."

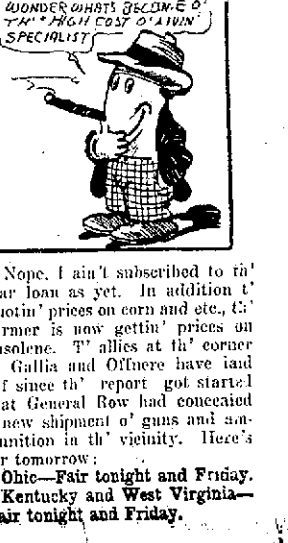

English newspapers draw a parallel between the case of Miss Cavell in Belgium and that of Mrs. Louise Herbert, who was sentenced to six months imprisonment as a spy in England. Mrs. Herbert's appeal was heard at Durham yesterday. She is a German, wife of an English curate at Darlington. She admitted that she had sought information regarding munitions and intended to send this information to Germany. The judges asked her yesterday: "Did you intend to send the information to Germany if you got the chance?"

"Yes, I did," she replied.

Mrs. Herbert also admitted she had corresponded with Germany through friends in Switzerland. The judge, astonished by her frank answers, remarked: "This woman has a conscience—she wishes to answer truthfully and deserves credit for it. At the same time she is dangerous."

He affirmed the sentence of six months imprisonment.

OBITUARY

Ethel Williams
A delightful visit of Mr. and Mrs. John Williams and children, of South Webster, had a sad ending at the home of her mother, Mrs. Ida Huffman, on Ohio avenue, New Boston, Wednesday evening, when Ethel, baby daughter of Mr. and Mrs. Williams, took suddenly ill and died.

Mr. and Mrs. Williams and children arrived at the home of Mrs. Huffman, Wednesday morning. The baby had been ill for the past few days, and on the way to New Boston took a sudden change for the worse. A physician was summoned and pronounced her past medical aid, the loved one, passing away about six o'clock Wednesday evening. The child was six weeks old Wednesday, and besides the parents leaves one sister and two brothers. The family lived in South Webster only a short time.

Thursday the body was taken to Ashland, Ky., for interment.

Mrs. Margaret Johnson

In the death of Miss Margaret Johnson, aged 78 years, who passed away at the home of her widowed sister-in-law, Mrs. Robert Johnson at Frost, Ky., Thursday morning at 4 o'clock, there was removed from this life the last survivor of a family of twelve children.

Miss Johnson was a daughter of Joshua Johnson, a pioneer settler of Virginia in which state she was born. For the past twenty-five years she had made her home with the family of her late brother, Robert Johnson, who died four years ago. She was affectionate,

Conrad Bessler

Conrad Bessler, an aged farmer of near South Webster, passed away at his home Wednesday afternoon, after three weeks' illness. His death was due to infirmities of age. He was past 80 years of age. The most of his life was spent on a farm near South Webster. In 1853 he was married to Maria Partridge. To this union eleven children were born. His wife and six children preceded him to the Great Beyond. The children left to mourn his loss are: Mrs. Bertha Nagle, Mrs. Henry Gage, of Portsmouth; Mrs. Mary Nagle, of Athens; Wesley, of Cleveland; and William, of Newark. A number of grand-children also survive. In 1901 he was married to Mrs. Eunice Sawyer, who still survives him. The funeral will be held Friday at the

United Brethren church, South Webster. Burial in Pinkerman cemetery.

Mrs. Maggie Warnock

Mrs. Maggie Warnock, aged 78 years, widow of the late Storekeeper James Warnock, died at her home in Greenup, Ky., Wednesday afternoon of heart trouble, after having been ill only since Sunday. Mrs. Warnock was one of Greenup's most prominent and respected women. She is survived by three daughters, Misses Mary and Grace, at home, and Mrs. Walter Greenleaf, of Keokuk, W. Va. A grandson, Oscar Warnock, also made his home with her. Mrs. D. E. Holbrook, of 725 Eighth street, this city, was her cousin. The funeral will take place from the home Friday morning at 9 o'clock with burial in Riverview cemetery.

WHY IT SUCCEEDS

Because It's For One Thing Only, And Portsmouth People Appreciate This

Nothing can be good for everything.

Doing one thing well brings success.

Doan's Kidney Pills are for one thing only.

For weak or disordered kidneys.

Here is Portsmouth evidence to prove their worth.

Mrs. J. H. Brown, 627 Ninth St., Portsmouth, says: "When I was washing, sharp pains shot through the small of my back. I tired easily and the action of my kidneys was irregular. I often had dizzy spells and dull pains in the back of my head. The first box of Doan's Kidney Pills, procured at Fisher & Streich's Pharmacy, helped me and two boxes fixed me up in fine shape. Since then I have used Doan's Kidney Pills, as a tonic and they keep my kidneys in good shape."

TERMINALS

E. Collins, N. & W. passenger brakeman living in Columbus, had his face badly burned by hot grease Wednesday at 11:08 a. m. when passenger train No. 16 stopped at Leesville. Collins discovered a "hot box" and when he threw a bucket of cold water on the hot journal there was an explosion, hot grease being thrown on Collins. He came on to Portsmouth where the company physician attended his burns. Conductor C. S. Wilson was in charge of the train.

The annual N. & W. track inspection is being made on all divisions. Roadmasters and officials of one division from the inspecting party on one of the other divisions. The Cincinnati division officials inspected the track from Columbus to Portsmouth. It takes several weeks to complete the inspection. The track inspectors' special with roadmasters and Assistant Scioto Division Superintendent H. T. Reinicker made an inspection trip over the Cincinnati division, Thursday.

W. N. Doak, general chairman of the Brotherhood of Railway Trainmen, of Roanoke, Va., is a candidate for state senator of Virginia.

An addition is being built to the erection shop of the N. & W. at Roanoke, Va. The addition is rapidly nearing completion.

Howard Johnson, clerk in the N. & W. scale house, is off duty on account of his son's illness. The lad is suffering with scarlet fever.

Mabel Boyd, daughter of Mr. and Mrs. B. C. Boyd of Gallia street who is suffering with scarlet fever, was able to sit up a little Thursday.

Officer Moore secured a promise from them to arrange everything satisfactorily.

Slight improvement was noted Thursday in the condition of Gertrude Higgins, who was struck by the Lutz automobile on Chillicothe street Monday evening. She is a patient at the Hempstead hospital.

To Urge More Speed

The board of control members are growing impatient over the delay of the J. F. Witmer company bringing its expert engineer here to consult with him regarding the restoration of the reservoir. They are considering ordering the engineers to at once prepare estimates without any change in the general plan to the end that the repairs may be started and completed as early as possible.

GIVEN \$700,000

Cincinnati, O., Oct. 21—The Cincinnati Symphony Orchestra will receive an amount estimated at \$700,000 as a bequest from Miss Cora Dow, the woman druggist who died here last Sunday. This amount was estimated by attorneys who probated Miss Dow's will here today. Besides this Miss Dow remembered almost every one of her hundreds of employees in some way or another.

Has Made Report

Dr. W. W. Smith, city health officer, has just submitted the following report of his latest inspection of the Portsmouth Chemical plant:

Hon. Adam Frick, Mayor: In response to your request I immediately proceeded to the plant and made inquiry as to the cause of the unusual conditions of the last few days, and was informed that there had been an unusual number of deaths among animals during the last few days and the capacity of the plant was over-taxed, and after a thorough inspection of the plant am disposed to believe that such was the case. The most objectionable feature appeared to be due to the accumulation of what they call tankage, that is, the entrails of the animals had accumulated much faster than the tank could possibly take care of it, but they assured me that during the night they expected to be able to dispose of it and by tomorrow morning things would be in a normal condition. The most unfortunate circumstance is that such an objectionable enterprise was ever permitted to locate in such a rapidly growing section of the city, because such conditions are liable to occur at frequent intervals and become a continual source of annoyance.

Very respectfully submitted,
W. W. SMITH,
Health Officer.

FIRST VISIT IN 18 MONTHS

For the first time in eighteen months, Mrs. C. E. Worley of Friendship, visited the city Thursday and, although keeping in touch with its progress through the columns of the Times, was agreeably surprised at the rapid strides the city is making. She was the guest of Mr. and Mrs. John Harper of the hilltop.

C. & O. IMPROVEMENTS

Contract has been let and work will begin at once on a new concrete round house to be built by the Chesapeake & Ohio railroad at Peachtree, W. Va., in Logan county.

The building will cost approximately \$10,000 and the round house will cost \$5,000.

The Chesapeake & Ohio is moving its terminal from Logan to Peachtree.

ADDRESSED VOTERS

About seventy-five voters heard the addresses against the state-wide prohibition amendment at the Ohio Furnace Wednesday evening delivered by Noah Schechter, of Cincinnati, and Wm. Abrahams of this city. Mr. Schechter was in his characteristic humorous vein, and made a big hit with the crowd, incidentally driving home some forcible arguments against prohibition.

At wet headquarters Thursday the campaign managers expressed themselves as highly gratified with the result of the meeting.

WILL BUILD

Charles Grassman, a Chillicothe street baker, Thursday, purchased a lot on Franklin avenue from Sam B. Timmonds. He will erect one of the handsomest homes on the hilltop on the lot. Plans for the home are already being prepared.

John Kah of the Kah-Patterson company will in the spring erect a fine home on his property on Seventh street near Court. The home will contain all conveniences.

Wise Saying.

There is more truth than humor in the saying of Biddad that the best way to keep your word is not to give it.

WITH THE SICK

Norma, little daughter of Mr. and Mrs. Elmer Heisel of 2211 Grant street, was taken very ill with chills and fever last night, but it was reported better Thursday.

Joseph Horning, one of Portsmouth's best known citizens, was operated on at the Hempstead hospital, Wednesday. A stone larger than an egg was removed from his bladder. Mr. Horning rallied from the operation and his condition was reported satisfactory Thursday.

Mrs. August Mead of Boundary street, underwent a delicate surgical operation at the Hempstead hospital, Thursday. Her condition is reported satisfactory.

Home Rule Jottings

No. 5

Hon. N. Schechter will speak at Bear Creek tonight, Henley on Friday, and at Bertha on Saturday. Hear this gifted orator by all means.

Won't the Drys please, please, tell us why they told all those falsehoods about the Home Rule Amendment last year?

How many of those who shout for Prohibition for the other fellow, and are so solicitous for the welfare of the workman at the present time, are total abstainers? Prohibition seems to be a fine thing for the other fellow.

The following is from the Cincinnati Times Star:
The Fight for Prohibition

The fight for State-wide prohibition is with us again. Ohio, which thought it had settled that question a year ago, admits the fact with a yawn.

Congressman Hobson, with his one act of conspicuous gallantry and his long subsequent record of emotionalism in politics, is touring the State for the "drys". Mr. Bryan is to spend ten days in Ohio. The prohibition leaders, not being occupied elsewhere, are centering their fire on this State. And the "wets", of course, are not idle.

The argument against State-wide prohibition is as strong today as it was a year ago. There are arguments for national prohibition—but we have never heard an argument for State-wide prohibition that was really worth while. In the so-called dry States the man who really wants a drink can always get it; it is only the casual drinker who is interfered with. The man to whom alcohol is a real menace is always willing to take the slight trouble involved in having liquor shipped in from some other State. The evil remains at home; it is only the advantages of the liquor business, in the way of employment of workers, the payment of taxes, etc., which are dispensed with.

Prohibition was beaten in Ohio last year by a majority of nearly ninety thousand votes. Logically the majority against prohibition should be about as large this year, plus the votes of those who were mildly for State-wide prohibition in 1914, but who resent the idea of having two prohibition campaigns forced upon the State within thirteen months.

News from Dryest West Virginia

The Grand Jury of Kanawha County reported last Saturday and returned 400 indictments of which about 100 were against people who operated gambling devices and 200 for bootlegging. Great is Prohibition and great is Prohibition West Virginia.

This from Prohibition Georgia:

During the Frank trial the Authorities ordered all "near beer" saloons closed. What is there in Georgia "near beer" that makes it dangerous? Surely—there can be no such thing in a State as dry as is Georgia.

GOMPERS ON PROHIBITION

President of Federation of Labor Says Experience Has Proved its Folly. Samuel Gompers, president of the American Federation of Labor, in a statement issued by him on prohibition, says:

"Experience has shown the folly of prohibition wherever it has been tried, and that saloons can be regulated by law.

"There is not a city in Maine where a stranger cannot go and buy all the beer and whiskey he wants. There is no attempt whatever to disguise the fact that these places are operating in violation of the law.

"As for the illicit traffic, I have seen drunken people in every city, but I have never seen drunkards so drunkenly drunk as the drunks I have seen in Maine.

"Organized labor has been and now is a greater factor for temperance throughout the United States than all the prohibition societies and temperance workers in the land ever have been."

Luke McLuke says:

The long-faced Prohibitionist who has the smell of Cieves on his breath will be mighty surprised when he gets to Heaven and discovers that St. Peter is admitting members of the Cheer-Up Club even though the Keeper of the Golden Gate does get a whiff of booze every now and then.

There ain't so sich animal as a cold beer or a mixed drink in a Dry town. But you can always go to a drug store and take your choice of A. J. K. Hall Hair Restorer, Barleycorn, Blood Bitters, Rumm's Rye Remedy, or Powerful Poison For Pale People.

For friendship's sake

The Friendship Bracelet is the most popular jewelry novelty of the day. Each link in the circle is the gift and token of a friend and tells its own story of affection and sentiment.

It may be engraved with the initials or pet name of the giver—the date of a memorable occasion, outing or gathering—the name of a place marked by a specially happy association.

Links may be added one at a time until the circle is complete.

Boy Scout News

Scouts of troop eight will hike on Saturday, leaving Hempstead hospital at 9 a. m. and going to the Harrisonville. Divide over Feurt's Hill, returning via New Boston. This event will bring to a close their great anniversary celebration.

Gymnasium Opening

Troop three gym will open Friday evening with a good program of athletic events. Messrs. Wagner, Bellamy and Baggs will have charge of the evening's program and have promised a number of good stunts. Doors open at 6:30.

Scout Briefs

Troop five scouts have resumed their weekly meetings, and will soon be in their new gym at the German Evangelical church.

Mr. Ralph Hopper has been appointed assistant scoutmaster of troop nine.

Portsmouth scouts have won a total of 320 merit badges to date: have three Eagle scouts; five Star scouts and six Life scouts. These are the highest honors a scout can obtain.

Just two weeks until the big Scout Conference in Portsmouth, the big red letter event of the scout year. Parents of scouts are urged to reserve these two days, and attend the session of the conference.

Boys of Troop Two

Troop two will hold their weekly meeting in the basement of Trinity church Friday evening. Every member is urged to be present as the membership cards are to be given out. Those having not paid their dues should do so at this meeting, as only eleven more members will be accepted. Matters of great importance will be discussed, patrols will be formed and a library will be started. Don't fail to be there as your presence will contribute much to the success of the meeting.

MARION CARRISON
Scribe.

White Beavers Meet

The White Beaver Patrol of troop five held a splendid meeting last night at Boys' Headquarters with Patrol Leader Knost in charge. New officers for the coming year were elected. The results were as follows: Earl Wolff, treasurer; Clarence Higgins, secretary; Wiley Gilkison, sergeant-at-arms. A fine serial story entitled "Boy Scouts Signal Corps," was started. This patrol will meet every week during the fall and winter months.

Troop Eight Patrol Leaders

Troop eight Patrol Leaders will meet tonight at the home of their scoutmaster for a social session. This is a part of this week's anniversary program. A house party will be held Friday evening at the home of Scout Corwin Knowles, 1917 Robinson avenue.

NEW YORK STOCKS

New York, Oct. 21.—Bethlehem Steel continued its record breaking rise today, early sales being made at 550, an over night gain of 21 points and an advance of at least 200 points since the beginning of the month. Later it rounded off 599½. General Motors rose six to 350 later going to 363, and Studebaker at 183 showed a gain of 7 points. Other specialties including American Locomotive, Baldwin Locomotive, Allis-Chalmers, common and preferred, and American oilen were higher by a point or more. Inspiration was against the feature of the copper group while U. S. Steel fluctuated narrowly and rails continued dull and irregular.

Bethlehem Steel reacted to 550, but General Motors made a new record at 370 and Studebaker at 184½. Willys-Overland also sold high higher than ever, gaining 5½ including its dividend at 265, while U. S. Industrial Alcohol on its rise of 11 to 123 and Maxwell Motors up 3½ to 66, recorded unprecedented prices. Fertilizers and affiliated issues supplemented recent gains material, some reaching highest quotations of many years. U. S. Steel became the feature of the second hour, advancing 1¼ on heavy absorption to 57½, its highest price of the current movement. London exchange was weaker and continental rates were nominal on cable interruption. Bonds were firm.

Bethlehem Steel made the new high record price of 550, an overnight gain of 21 points on sales of 400 shares at the opening of today of the stock exchange.

Before the end of the first twenty minutes Bethlehem Steel had extended its rise without interruption to 599½. A year ago when the stock exchange was closed because of the war Bethlehem Steel was being unofficially quoted at between 25 and 30.

Steel at 57½ and a further rise of secondary specialties featured the final hour. The closing was irregular.

Spectacular gains in war shares and higher quotation for U. S. Steel with the heaviness in rails, summarized today's stock movements.

CHICAGO GRAIN AND PROVISIONS

Chicago, Oct. 21.—Favorable weather and high receipts at Northwestern terminals more than offset the effect of higher prices at Liverpool. Commission houses especially were free sellers. The buying was mainly on resting orders. After opening ¼¢ to ¾¢ lower, with December at 104¼ to 104½ and May at 105 to 105½, the market here underwent a further sag

but then made a good rally.

Corn like wheat was bearishly affected by the fine weather. There was persistent selling by large brokerage houses. Opening prices which ranged from a shade to ¼ lower, were followed by moderate additional losses before any recovery set in.

Oats although firm at the start eased off with other grain. Trade was small.

Demoralization in the hog market brought about much stop-loss selling of provisions. Support from packers finally checked the decline.

Foreign buying of wheat futures here tended later to cause an upturn, but the effect failed to last. The close was heavy ¼ to ½¢ and 1¼¢ net lower with December at 1.09½ and May 1.03½.

Some export sales led afterward to a huge which, however, was not well maintained. The close was unsettled, varying from ¾¢ and ½¢ off to ¼¢ up compared with yesterday's finish.

Later the market rallied on accounts of predictions that the receipts of hogs would diminish owing to the big setback in prices.

OPEN CAMPAIGN FOR NEW Y. W. C. A. MEMBERS

Opening of the Y. W. C. A. membership campaign was inaugurated today, when letters were mailed out to all who were members last year, asking for their renewals of membership.

Members are requested to send or bring their membership fees to the Y. W. C. A. office on Second street before November 1st. If any one is unable to bring or send, the membership committee will be glad to call and enroll her as a member.

The Y. W. C. A. is now firmly established in Portsmouth, and its aim to extend all departments until the association becomes a vital force in the community.

The Y. W. C. A. extends to every girl or woman in the city an opportunity for service in church, home or community. Every one who is a member may be proud of her place in a world movement that links together the women of all lands in spiritual, intellectual, physical and social development.

FAMOUS ACTRESS SAYS COFFEE HARMS COMPLEXION

Declares Coffee Habit Grows on One, Dulls the Mind, and Weakens the Muscles

People who desire to retain youthful looks and a clear, healthy skin, may be surprised to learn that so eminent an authority on beauty as Lillian Russell declares, in a recent issue of the Chicago Herald, that "both coffee and tea have a harmful effect on the complexion. The most youthful skin can be made dry and salubrious by the over-indulgence of tea or coffee."

"It always depresses me when I hear a woman say, 'I must have a cup of coffee the first thing in the morning, and generally sip it in bed.' She would be shocked if she heard some one else say that they must have a cocktail before they could begin the day."

"I heard a most beautiful old woman say, 'Do you think I would dry up my blood and ruin my skin by drinking tea?'"

"The coffee habit grows on one, and when coffee is used as a stimulant there is a reaction, which means depression and causes over-indulgence or the use of stronger stimulants. In the continued use, stimulants dull the mind and weaken the muscles."

NOTE.—It is a satisfaction to know that in the pure food-drink, Instant Postum, increasing thousands are finding a delightful morning beverage—a beverage free from drugs or any harmful substance, and free from coffee's ill, but rich in these food elements supplied by Nature for building good blood and strong, healthy bodies.

NEW BOSTON

Marshal Will I. Davis came near having to part with a "ten spot" Wednesday evening. Davis went squirrel hunting and bargained with Thomas Hodge for his dog, agreeing to pay \$10 if he lost the dog. Davis returned with two squirrels but no dog, having thought the dog would follow him. Instead of handing over \$10 Davis hiked back into the mill and found the dog.

John Bell is acting as sewer work inspector during the illness of Mace Allen. A branch sewer is being laid on West avenue.

Frank White is an applicant for the job as caretaker of the village fire truck.

Council will meet in adjourned session Friday evening. Matters relative to the purchasing of the Jordan strip on West avenue will be taken up along with the naming of a man to take charge of the fire truck and a place to house the fire apparatus.

A meeting of all Arrow football players will be held at China's corner Friday evening at seven o'clock.

H. A. Bierley has completed the task of remodeling his newly purchased property at Eleventh and Monroe streets. The four houses contain modern improvements and their completion adds much to the appearance of this section of the East End. Mr. Bierley's specialty in the real estate business is to take a house run down at the heels and convert it into a modern, up-to-date dwelling. The houses on Eleventh street are for sale.

Franco-Prussian Losses.
Block, in his book, the "Future of War," gives the French losses in the war of 1870-71 as follows: 310,449 prisoners, 21,150 killed in battle; dying from wounds, 14,398. He does not give the German losses, but in killed and wounded the losses were about equal between the two armies.

What Made Him Laugh.

NEW CORN CURE PRINCIPLE

Dr. Hunt's Wonderful Penetration Method. PRICE ONLY 10c.

It remained for Dr. Hunt of Sidney, Ohio, to solve the corn problem. He had tried every remedy with only partial success. So, Dr. Hunt got at the root of the matter by getting at the root of the corn with his wonderful penetration method.

Dr. Hunt's New Corn Cure comes in simple plaster form. Six plasters in a box. Thin plaster size of corn and apply.

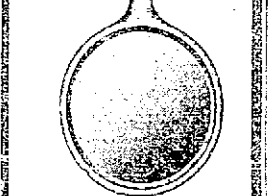

An amazing ingredient, discovered by Dr. Hunt penetrates the corn, eases it immediately, loosens it root and branch so that in two days the corn lifts right out.

No pain, no throbbing toe, no bulky uncomfortable pads to press on the sore spot, no discomfort whatever. Wear your regular shoes. Corn is cured while you walk about. Don't use caustic ingredients that eat off only the top of the corn and stimulate its further growth. Cure your corn the new way, the scientific way by using Dr. Hunt's New Corn Cure. Cures by penetration.

Ten cents brings you a box full. Guaranteed or money back. Sold by all drug stores and shoe dealers. Or, send ten cents in stamps to American Chemical Company, Sidney, Ohio.

You know, and every physician knows, that when any sickness has passed, whether it be throat trouble, organic disturbances, contagious diseases, or even a severe cold, a relapse is feared, because sickness robs the system of Nature's resistance and leaves it subject to lingering germs.

Drugs never build up a worn-out body—only food can do that, and the first thing to take after any sickness is the concentrated, blood-making oil food in Scott's Emulsion, which feeds the tissues, benefits the blood and strengthens both lungs and throat.

Physicians prescribe Scott's Emulsion after sickness. Nurses everywhere advocate it. Scott's is pure medicinal food, without alcohol or drugs. Scott & Lawrence, Bloomfield, N. J.

We have been able to assert our rights and the rights of mankind without breach of friendship with the great nations with whom we have had to deal and while we have asserted rights, we have been able also to perform duties and exercise privileges of succor and helpfulness which should serve to demonstrate our desire to make the offices of friendship the means of truly disinterested and unselfish service.

"Our ability to serve all who could avail themselves of our services in the midst of crises, has been increased by a gracious providence, by more and more abundant crops. Our ample financial resources have enabled us to steady the markets of the world and facilitate necessary movement of commerce which the war might otherwise have rendered impossible; and our people have been brought more and more to a sober realization of the part they have when called upon to play in a time when all the world is shaken by unparalleled distresses and disaster.

An Open Letter to the Ohio Temperance Union

Dear Sir:

I have received your letter telling me of the work of the Ohio Temperance Union with which you are connected, and which is "promoting a propaganda in favor of genuine temperance against prohibition in Ohio, where the question of State-wide prohibition is at issue. You ask me for a letter which you can use in this campaign. I think I can best answer your request by an open letter, which Ohio papers are welcome to republish, and which will give my opinion to all citizens in Ohio who care to know what it is. To a previous correspondent I have already written specifically that I am not in favor of State-wide prohibition, except where a State-wide public sentiment for prohibition already exists. To that public sentiment I address myself in this letter.

In common with most Americans, I have believed in the regulation, not the prohibition, of the liquor traffic. But the action of liquor dealers has made regulation impossible. There have been, and are, some saloons which obey the law, but they are the exception. The great majority covertly disregard or openly defy all attempt in the community to impose special regulations upon them. The law forbids sales to minors; and the saloon not only sells to minors, but not infrequently entices minors to drink, that it may establish in them the habit and desire in them customers. The law forbids sales to habitual drunkards; and the saloon continues to sell to habitual drunkards as long as they or their friends will pay for the drinks. The law forbids sales at certain hours; and the saloon sells at all hours if there are customers to buy. The law forbids sales on Sundays; and the saloon does the front door and opens the side door. The law forbids sales except with meals; and fake meals are furnished to make the sale legal. The law forbids sales except by hotels; and the saloon adds bedrooms, calls itself a hotel, and becomes a house of prostitution.

This is not true of all saloons. Now and then may be found one, especially in our larger cities, which is what four centuries ago St. Patrick called it: the poor man's club house, his restaurant, and even his infirmary. But these are the exceptions.

The American people are characteristically conservative and slow in coming to a conclusion. But they are coming to the conclusion, though slowly, that the American saloon is not only a local nuisance, but a National calamity and are resolving to abolish it.

The question is not, Is beer a useful article of food? It is not. Is moderate drinking wrong? It is not. Does the Bible prohibit or permit moderate drinking? These questions the people would prefer to leave each individual free to determine for himself.

But they are not willing to leave each individual to determine for himself whether the laws enacted by the community shall be obeyed. That question the community will decide, and it will suffer any inconvenience, any deprivation, which may be necessary to secure such obedience. This is the meaning of the present prohibitory movement.

Your letterhead gives the title of your Society, "The Ohio Temperance Union," and your circular affirms your wish to substitute temperance for prohibition. If twenty-five years ago the brewers, the wine-growers, and the wholesale liquor dealers of the United States had united with other law-abiding citizens to compel the retail dealers to comply with such regulations of the liquor traffic as the State might enact, and to create within the liquor trade such a regard for law and such a spirit of temperance as would banish the spirit of lawlessness, which has made the average saloon not only a local nuisance but also a National calamity, the prohibitory movement never would have attained its present proportions.

But if the people are compelled to choose between an unregulated and lawless liquor traffic and the prohibition of the liquor traffic I do not doubt that they will choose prohibition. If we cannot reform the saloons, we shall abolish them. And if we can find no other way to abolish them, we shall abolish the distillery, the brewery, the winery, and the importation of liquor from abroad.—Outlook, Oct. 23rd.

Great Battle Is Being Waged

Paris, Oct. 21.—The Athens correspondent of the Havas Agency sends the following dispatch under date of Wednesday:

"A great battle is going on on the heights of Vlassova and Kuchana. The Bulgarian object seems to be to march on Monastir so as to cut communications with Saloniki. In the Negotin region two Bulgarian attacks have been repulsed.

"Communications between Nish and Uskup are cut.

"The ministers of the quadruple entente have left Nish for Kragjevo. The Bulgarian army is advancing rapidly on Kumanovo and Uskup, according to information from a Bulgarian source."

Athens, Oct. 20.—(Via Paris, Oct. 21.)—A dispatch received by the Russian legation announces that the Bulgarian troops have not taken Vranja, as has been reported. They are said to have been held up by the formidable defenses of Vlasina. However, they have succeeded in occupying the railroad north of the town. The great battle continues it is stated, and remains indecisive.

Paris, Oct. 21.—The diplomatic corps at Nish, Serbia, after preparing to quit that city, postponed their departure, communications having been cut with Saloniki, according to a special dispatch from Athens.

The message says that traffic between Saloniki and Monastir has been suspended as the result of floods, and that the occupation of Vranja has stopped communication between Uskup and Nish.

Telegraphic communication with Nish has been interrupted for four days, it is stated.

MAY CALL TAFT

New York, Oct. 21.—Counsel for the defense announced today that they expected that the government would call former President Taft as a witness in connection with a conference held with him and Lewis Cass Edgerly in regard to the taking over of the Boston and Maine stock by the New Haven railway.

It is said that the government would, "if possible," avoid calling the former president.

Charles S. Mellen, a government witness in the trial of the New Haven directors, was charged by Frank L. Swacker, federal prosecutor, with being "frankly hostile" to the government's case during the continuation of his testimony today.

This development came after Mr. Mellen had related how he had been taken into the New Haven room as second vice president two months from the time when, as general manager of the New England, he had made a threat, he said, to reduce the fare from Boston to New York to one dollar if the New Haven did not give up its plan of reducing the running time of some of its trains.

ClenDening Trial

(Continued From Page 1.)

Before this referendum business on the McDermott law is over Willis will have a Whitacre man in his camp. The supposed reference was to Congressman John J. Whitacre who led the Democratic revolt against former Governor Cox last year. J. Frank Hay, one of the state liquor license commissioners is said to have been appointed on recommendation of Whitacre.

Gov. Willis, presiding at the hearing, listened to this testimony with hands to his ear but he did not change expression. There was a pronounced stillness in the room after Mr. Herbst made the statement and then a flutter of surprise from the counsel table.

Mr. Herbst said he took petitions from O'Dwyer, and hired a man at Lima, at \$3 a day to circulate them in saloons.

H. B. Galbreath, Steubenville, formerly progressive member of the Jefferson county liquor licensing board whose term has now expired, refused to tell whether he assisted in the McDermott law referendum when he was called to the witness stand.

Mr. ClenDening then took the stand and under questioning of his counsel denied that he had an agreement or had told any one he had an agreement, with any other member of the state liquor licensing board regarding "taking care of" any county board members who engaged in the referendum.

He further denied that he had any dealings directly or indirectly

with any saloon license in the state.

Says Promise Made For Sunday Saloons

Columbus, Oct. 21.—In his own defense, Byron M. ClenDening, Democratic member of the State Liquor Licensing Board, planned to take the witness stand again today in the hearing before Governor Willis, who had charged Mr. ClenDening with misconduct in office, and is seeking his removal. Several other members of county licensing boards were called to Columbus to testify for the prosecution, represented by Charles A. Reid, of Washington C. H., and J. H. Seerest, of Columbus, employed by the government.

Former Attorney General T. S. Hogan, chief counsel for Mr. ClenDening, said he did not expect to call any witnesses except ClenDening. It was planned to ask the governor today to dismiss the charges against Mr. ClenDening on the ground that no evidence of misconduct on the part of ClenDening had been shown in testimony of the 13 members of county boards who were examined yesterday.

Governor Willis was called on at the opening of the hearing today to rule on the introduction by the prosecution of the affidavit of Louis Strauss, Cincinnati. Strauss alleged that a liquor inspector had told him as an inducement to sign the referendum petition on the McDermott law, that if this law was sustained it would permit the re-opening of saloons on Sunday in Cincinnati.

LEGAL FIGHT IS ON OVER PAYMENT OF EXPOSITION BILLS

Dartmouth, Oct. 21.—Arguments in mandamus proceedings brought by Attorney General Turner to compel State Auditor Donahy to honor eleven vouchers for bills contracted by the Ohio Exposition Commission at the Panama Pacific Exposition, were heard here today by the court of appeals.

The bills were for groceries, music, flowers and stationery used in the Ohio Building at the Exposition. Henry S. Ballard, first assistant attorney general, argued that the bills were legal and should be paid to prevent threatened attachment proceedings against the Ohio building, which would embarrass the state's reputation, as well as its credit.

Edward L. Hyneman, an attorney of the auditor's office, opposed payment of the vouchers on the grounds that the bills were contracted for the personal convenience and pleasure of the members of the commission and its secretary. Hyneman urged that the bills were not for commodities that enhanced the value of the building for exposition purposes. The court will probably finish the hearing late today.

ARBITRATION MAY BE ASKED IN BIG STRIKE

Schenectady, N. Y., Oct. 21.—A statement by William W. Wemple, commissioner of public safety, that the metal trades alliance, the central organization of the 12,000 striking employees of the General Electric Co., had decided to ask that the matter be arbitrated, was the principal development in the strike situation today.

After the alliance had denied that any action had been taken, Mr. Wemple explained that through police channels he had learned that the organization had decided to ask the city officials to name a board of arbitration. The press committee of the alliance said some announcement might be forthcoming later in the day. No offer of arbitration has been received by the company.

State Sealer Will Hold On To Job

Columbus, Oct. 21.—Fred U. Albrecht, of Columbus, will be retained as state sealer of weights and measures by the state board of agriculture, it was announced today, although Mr. Albrecht is a Democrat. The salary is \$1,500. H. R. Diegle, of Marion, chief deputy sealer, will be released. The action of the board in retaining Mr. Albrecht follows an attempt to get

Major George Florence, of Circleville, Republican, to serve. He refused to take the job unless the salary was raised and the board could not do this legally.

Mr. Albrecht announced today he probably would call a state convention of county sealers of weights and measures in Columbus before the first of the year.

Major and Corporal Chandler. The first soldiers fighting fire against one against Mexicans skilled in brush shooting, and their ground although half of them were put out of commission, until relief came from Mission, seven miles away, where Capt. Frank R. McCoy of the Third cavalry had a considerable force in reserve. Captain McCoy took two troops of cavalry, totaling about sixty men to the rescue and the Mexicans fled.

Dead Wore Villa Hats

Mexicans slain in the fight had white hat bands bearing the words "Viva Villa."

During the last month Captain McCoy has received several reports of bandits gathering on the Mexican side of the river. On two or three occasions Mexicans have come across to warn the soldiers as they heard bandits would cross that night to raid some town. All these alarms proved unfounded and about three weeks ago when a new Carranza regime took command at Matamoros, an increase was made in the patrols of Carranza troops opposite the Mission section.

It then was reported that the bandits had taken to hiding. The early morning attack against Luis D. La Rosa, the Mexican bandit who led Monday night's train

GREECE IS TEMPTED BY ISLE OF CYPRUS

London, Oct. 21.—The Daily Chronicle says it understands that Great Britain has communicated to her allies her offer of the Island of Cyprus to Greece, and that the offer is now under consideration by the Greek government. The paper, in an editorial, says:

"The mass of the Greek nation is not behind M. Zaimis (the Greek premier) but behind M. Venizelos (the former premier), and in order that its will may prevail over German influence in high places at Athens, the Allies must give tangible evidence of two things: Their good-will toward Hellenism and their power. As a proof of good-will, they have offered Cyprus.

"The offer is a notable one, not only because of its magnitude, but because we are offering something already in our hands to give, and if the Greek nation allows the Zaimis government to reject it, it will have to revise its views of the seriousness of Hellenic aspirations."

SECOND CROP OF HUCKLEBERRIES

Frank Sommer has farmed practically all of his life-time, but had his biggest surprise ever when in strolling about the hills back of his Carey's Run place last Sunday he found bushes fairly loaded down with huckleberries. Frank says it must be a second crop, for such berries are now entirely out of season.

Promotion Day At The First Christian

Big plans are being worked out for a big rally at the First Christian bible school next Sunday. It's to be Promotion Day. Beside the promotion of all the children of proper age to higher grades, a special program is being prepared that should draw the largest crowd to the school that has been out this year. Special music will be rendered and recitations spoken and among them will be the silver medal prize winner—Louis Martin—reciting "Fido and His Master." Every child that is to be promoted should be present. All of the parents should come out to enjoy the program and encourage the children.

Among other things to be done is to have such a large attendance that the school will win out in the contest with the allies with such a majority as to overcome their present margin of 26 and give the First Christian a big lead. Every member of the church and school is urged to be out next Sunday.

See if you agree with Mr. Edison.

The laboratory re-creation of the voices and instruments of many famous artists may be heard today if you will come in. Among them is Alice Verlet, the Belgian coloratura soprano, hailed by European critics as the new "Queen of Song." Hear the re-creation of her voice in Caro Nome, from Rigoletto. Hear also Marie Delna, Carl Flesch, Paulo Gruppe, Thomas Chalmers, Albert Spalding and others. All favorites of Mr. Edison. See full program below.

Ask if you wish to hear your own favorite from the great library of Edison Records, the best in the world of music. We will be glad to play it for you.

EDISON WEEK OCTOBER 18th to 23rd

The whole country is celebrating Mr. Edison's great achievements this week. Today, October, 21st, has been set aside as Edison Day, in honor of one of his greatest inventions.

On December 9, 1914, the Edison factories were destroyed by one of the greatest fires that ever occurred. In twenty-three days, Mr. Edison was again making phonographs and records. Today, only ten months after the fire, he actually is producing 100 per cent more disc records and 50 per cent more phonographs than before the fire.

The New Edison Diamond Disc Phonograph is one of Mr. Edison's greatest inventions. It is his pet and hobby. The perfected musical instrument resulting from four years' continuous research by the master inventor.

All music lovers should hear the New Edison this week. Note how perfectly it reproduces the artist's music—human, life-like, natural. The laboratory re-creation of music as opposed to manufactured music.

THE LATEST IN SPORTDOM

A Few Punts And Passes

Now that Huntington's game is on the shelf until next season, Portsmouth high school's football team and loyal supporters expect the Red and Blue gridironers to go through the remainder of the season without a defeat. The South High game on Turkey Day will be the hardest of the remaining battles to fight and P. H. S. is anticipating little trouble from the up-staters. The game with Huntington brought out the playing ability of the lads who defend the Red and Blue on the field.

A change made last Saturday has been made permanent. Brandle will remain at center in place of Marling.

Captain Norman Dinevelt at right tackle and "Bill" Quinn in the same position on the left side of the line could not have improved on their fine work Saturday. The boys got their man every time and the scoreless game was featured by their playing.

"Pete" Brandle, who played end last

year and the same place in the first two games of this season played a star game at center against Huntington. "Pete's" brother Harry played center for a P. H. S. team four years ago and "Pete" means to make his brother's record fade away, his own to take its place.

"Cole" Coleman broke into the games last year as an end but this season Coach Hart has found a better place for him at guard. Lewis who plays guard with Coleman was not in last Saturday's game on account of injuries but he will be back in trim for the Jackson game.

"Les" Kutter, left end, is considered the best runner on the team. "Les" was in the game last season at end. Injuries kept him from taking part in all of the Huntington game until the last few minutes.

It will be hard to fill Brandle's place at end. "Red" Paul Williams and "Slim" Trone will always be on hand to execute the duties of right end. "Red"

splendidly in last Saturday's game. His breaking up of plays was away above par. "Slim" Trone played end Saturday and was in every play.

Vance Morris has been placed as the regular quarter back. Vance played in several games last year and the way he handled the team against Huntington was him a home at quarter.

"Pat" Shoemaker by no means a big strong lad is making good at halfback along with "Shorty" Thomas who is not much bigger than a mile. Both lads use their heads and pick the biggest holes in the line.

The powerful lad on the team is Full-back Leon "Lester" Wilson. Fast and fearless, "Lester" is in every play and when it comes to making line plunges he cannot be stopped.

On the substitute list is Wagner for the backfield and Hall and Grassman for the line.

HAUGHTON'S HUSKY SQUAD IS EXPECTED TO WIN CHAMPIONSHIP

Coach Haughton (in white sweater) leading Harvard squad to field for daily practice. Harvard football prospects are considered unusually bright and the poor showing of Yale leads to the belief that Coach Haughton's charges will have an easy time winning the eastern championship again this year.

Is Dividing Time Between 2 Teams

Coach Hart from now on will divide his time between the first and second teams representing P. H. S. The second team will be composed of all good players, the majority of whom are out for football for the first time. The first game will be played by the second team in Ashland on Saturday October 23. Ashland plays the second team a return game here on November 20 when the first team is in Jackson.

For a second team a lineup something

like the following would be used: The team would be built around Moller and Geiger of last year's team. Marling would play center with Perkins and Swavel at guard. Geiger and Higgins will play the tackles with Tom Williams and Lowell Selby ends. Brown and Lowell Selby ends. Brown would name the plays from his position as quarter back. Moller would be used as fullback with Edwards and Anderson as halfbacks. Harold Flood, Guy Broadwater and Orville McCall are showing up well in practice.

LEADS OHIO STATERS

The Ohio State University eleven, lead by Captain Boughton, hopes to make a better showing than usual in the western conference this year. In the games last Saturday O. S. U. held the Illinois eleven, last year's champs, to a 3-3 tie.

NOW COME ON M'DERMOTT

Sporting Editor Times:

I want a small amount of space in your paper to reply to a statement made by the manager of the McDermott ball club. First, no team can claim the championship of Seoto county without having defeated all the other teams or at least having defeated the team winning the largest percent of games played. During the season I wish to state we have played twenty eight games and twenty three of these have been victories. If McDermott can come out with a better percentage than this I am ready to allow them to claim the best amateur team in the county barring the Spiders. I have as good a bunch of amateur players as any manager and should the Ohio State grounds be available stand ready to fight for the title.

as champion of Seoto county. Respectfully,

HARVARD WILL TACKLE CORNELL

Cambridge, Mass., Oct. 21.—Nothing more strenuous than a team skill practice and lengthy shadow drill occupied the attention of the regular Harvard eleven today. With Cornell bombing up as the mightiest opponent yet encountered, Coach Haughton is taking no chances of having some of his best performers hurt through overwork or in a hard scrimmage.

Hank Gowdy Home

Harry ("Hank") Gowdy arrived home from Boston yesterday evening, driving all the way from the Hub in his machine. The route he took led through Pittsfield, Syracuse, Buffalo and Cleveland. Trout To Be Coach

Prof. Gates Trout of the P. H. S. faculty is already booking basketball games. Prof. Trout will coach the Red and Blue basketball team along with doing the booking of the games. Ashland high school wrote Wednesday asking for two games. Two games each are being arranged with Gallipolis and Wellston. Jackson, Chillicothe and Massville teams will be booked. Brandle, Post, Dinevelt, Kutter, Quinn, Trone, Wilson, Wagner and Shoemaker are prospective players for this year's squad.

STATE PLAYS WISCONSIN

Columbus, Oct. 21.—In preparation for what is now the biggest game of the season, that with Wisconsin, Director White of Ohio State has his work cut out for him. This was daily proven on the field yesterday when the varsity scrimmaged with the freshmen for almost two hours. Although the showing of the varsity was more good against the Wisconsin plays, used by the yearlings, another day's practice may correct the faults.

CITY COUNCIL CLEARS WAY FOR IMPROVEMENTS

Extension Of Flood Wall Is A Certainty, Will Restore Point

Revised estimates and plans for the proposed flood extension and restoration of the Point washed out by the 1913 flood having met with the approval of the public service department, city council Wednesday night suspended rules and passed the ordinance approving the plans, appropriating \$70,000 for the two improvements and authorizing the director to advertise for bids.

Rules had also been suspended on motion of Chairman Gulker, of the street committee, to pass an ordinance introduced by him to proceed with the improvement of Kendall avenue from Eighth to Gallia street, when Judge Osborn raised the point that future plans of the N. & W. railway in that vicinity and how they were going to effect the paving of that street, might be well to consider. He said he perhaps was not thoroughly familiar with the situation as some other members of council but that he recalled council having passed a resolution not to interfere with the N. & W.'s title to the street and that statements had been made that the railway was now claiming absolute title to 60 ft. there. He said it had been understood that one of the purposes in changing from a subway to an overhead crossing was to enable the N. & W. to enlarge its terminal facilities. He thought to pave a street which in a very few years would be occupied with railroad tracks would simply be adding unnecessary expense. He could see how property owners were indifferent, he said, because they felt they would get full value for their holdings from the railroad but not so with the city.

Mr. Shump remarked that if the railway company ever occupied anything it will be that part it is proposed to pave. Service Director Gergens said Division Engineer Losh, of the N. & W., had informed him only a few days ago that the company was going to buy everything from Ninth street north.

Talked Of Activity News To Gulker

Mr. Gulker declared that the talk of activity of the railway company was all news to him. He said he had heard rumors to that effect from time to time but inasmuch as they were aware of the city's plans and had never asked for a vacation of the street he thought they ought get busy if they wished to keep street assessments from piling up on them.

What Thin Folks Should Do To Gain Weight

Good Advice For Thin, Undeveloped Men and Women

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertised flesh-makers, food-lads, physical culture stunts and rub-on creams, resign themselves to life-long skinniness and think nothing will make them fat. Yet their case is not hopeless. A recently discovered combination of assimilative agents has made fat grow after years of thinness, and it is also unequalled, judging from reports, for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable preparation is called Sargol. Six strength-giving, fat-producing assimilative elements of acknowledged merit have been combined in this preparation, which is endorsed and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A few weeks systematic use of Sargol should go far to produce flesh and strength by correcting faults of digestion and by supplying nourishing fats to the blood. It is authorized to return the purchase price. Increased nourishment is obtained from the food eaten, and the additional fats that thin people need are thus provided. Fisher & Streich and other leading druggists supply Sargol and say there is a large demand for it.

While this new preparation has been reported given splendid results as a nerve-nerve and vitality, its use is not recommended to nervous people unless they wish to gain at least ten pounds of flesh.

to encourage the development of what promises to be a fairly respectable residential district there. He said the way houses were going up on the Trail it might be necessary to extend the service to the Boulevard next spring. He felt that while engaged in installing such service the city should have in mind to meet future requirements. He advocated that immediate relief be given the Rose Ridge addition by installing the water service asked for by property owners there.

Needs of Addition Previously Presented

Judge Thomas and John Wilhelm had previously presented the needs of the addition. Seven houses now erected there are without such service and without fire protection. The addition was opened four years ago and many newer additions opened since have already been given a water supply. The property owners have at their own expense built a concrete bridge across the run at a cost of \$900 and otherwise saved money to the city and felt that the dead end water main at the head of Sixth street could be extended to the addition without much cost or trouble. Director Gergens said he had had the matter up with Superintendent Lynn of the water works department, who felt that nothing less than a 6-inch main should be run to the addition because it was sure to grow eastward and there would be much additional property to take care of. It was finally ordered that estimates be prepared on both 4 and 6 inch mains and on Mr. Osborn's motion the estimates to be accompanied by the necessary legislation.

Attorney William J. Meyer addressed council in the interest of Charles Horr dedicating a 36 ft. private street in the Horr addition. The solicitor was instructed to prepare legislation accepting the street.

Recommendations Paving Of Massie Street

Chairman Gulker, of the street committee, recommended the paving of Massie street from Front to Second street, stating that he hoped to have waivers of all claims by the next meeting. Chairman Schmank, of the law and claims committee, recommended that a value of \$1200 be set on the R. A. Mitchell estate's property at Fifth and Boundary streets and the street assessment fixed at \$400 instead of \$800 as before because Judge Ball, the administrator, had put the property which although on the tax duplicate for \$1600, on the market at \$1000 and yet was unable to secure a buyer. It was felt that he had a valid claim.

Chairman Moeller, of the light committee, reported that people in different parts of the city were still asking for further lights but the committee was without funds. He hoped the people would be patient and probably later he could take care of all needs in that respect.

Reservoir Claim Referred To McCall

A damage claim of Joseph Richmond for \$475.50 due to the reservoir break, was referred to the solicitor and service department. The following damage claims growing out of the change in grade of upper Gay street were referred to the city engineer, service department and N. & W. railway: Ben Johnson, \$150; Jeff Brown, \$20; Lena Ridenour, \$50; Florence McMahon, \$30; Joseph L. Crenshaw, \$200; Caroline Schwartz, \$150; S. J. Darnell, \$300; Leander Valentine, \$150.

A petition by Mr. Schmank for a new light on Fourth street, west of Market street, was referred to the light committee. Mr. Shump presented a petition for a sanitary sewer extension in the first alley east of Timmonds avenue from Seventeenth to Twenty-first street. This and a petition for a sanitary sewer in the alley between Franklin and Hutchins avenues from Seventeenth to Twenty-first streets were referred to engineer for estimates.

RAID HOME, TWO CAUGHT

Captain Grant Cooper and Officer John Smith raided the home of Frank Jenkins in an alley south of Seventh street and east of Funk's Gut, Thursday morning at one o'clock, arresting him and Mrs. Alice Snyder-Carrington.

The woman was just in the act of retiring when the officers forced entrance to the room. She spent the balance of the night in the city prison. Officers had shadowed her from the time she finished her work of cleaning rooms at the Home Building company's place, 904 Sixth street.

Mrs. Carrington has been caught in a number of raids in recent years and when she lived on Front street, just above Sinton, it was charged by the police that she had trained one of her little girls to act as lookout whilst she entertained male callers. All of her children have since been taken from her by Probate Judge T. C. Beatty and placed in the county home.

The couple was fined \$10 each in police court Thursday morning.

Claims Cooper Made Votes For Democrats

Fullerton, Ky., October 21.—Andy S. Cooper, Republican, spoke in Fullerton last night to an immense audience of some fifteen or twenty men and boys. Uncle Andy is a candidate for representative, and he certainly ought to have it, for he said it was a sin to be a Democrat, and of course a sinful eritor is not wanted in the halls of the legislature of the great state of Kentucky.

What he did not say about Democrats can be recorded on your thumb-nail, and it is the general opinion of everybody that if he keeps up the present trade he won't get a corporal's guard to vote for him in the general election. He certainly made votes here for his opponent, if not for the entire Democratic ticket. One man who has voted the Republican ticket all his life, said, "friend Cooper is certainly on the verge of political insanity." Come again, Mr. Cooper, we need you in this campaign.

"To Limit Elections On Twice Defeated Constitutional Proposals And To Prevent Abuse Of The Initiative And Referendum"

The foregoing is the title of a proposed amendment which will appear at the bottom of the separate constitutional ballot to be voted on November 2, 1915.

The amendment in full is as follows:

"No amendment of the Constitution shall be submitted to the electors which involves any proposal or part of any proposal which, since September 4, 1912, shall have been rejected more than once by the electors, unless six years shall have elapsed since the last rejection."

Every election the voter is called upon to vote his judgment on a large number of propositions besides passing upon a formidable list of candidates for office.

Each year the number of ballots increases. There can be no valid objection to having the people pass upon matters concerning the conduct of public business, approving or disapproving legislative enactments or proposals to amend the constitution.

But there is honest objection to forcing the same issues to an election, year after year, by a defeated minority. Especially is this true of constitutional proposals.

Amendments to the Constitution, the supreme law of the State, should never be lightly proposed without due deference to the popular desire for such amendment, and when the popular will has twice been expressed against an amendment, movers of such defeated amendment show a defiance of the popular will by calling for a vote again and again.

To meet this honest objection the proposed amendment is submitted. It deals with Constitutional proposals and nothing more.

Three possible votes within a period of seven years on the same proposition and thereafter one vote every six years should be enough to carry any measure that the people want.

The adoption of this amendment will save the Initiative and Referendum to the people of Ohio, by preventing its abuse by Agitators. Without this safeguard, constant agitation and misuse of the "I. and R." will bring this people's power into disrepute.

This amendment has the endorsement of leading newspapers and thinking citizens. It has the opposition of Agitators.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, N. H. Office Phone 50.

Dear Miss Wise—What will make the eyelashes long and wavy and the eyebrows heavy?

WANT-TO-KNOW.
Nothing will make your eyebrows wavy. I have never seen curly lashes. Are they the last word in "eye-winkers"? Vaseline or olive oil will promote the growth of the brows and lashes. Be careful and do not get any in your eyes when using.

Sciotoville, O.—Dear Miss Wise—How can I clean a blue silk poplin dress that has become spotted from much wear and also what will bring the color back caused by taking spots out with water, or could it be dyed black?

SCIOVILLE LADY.
I doubt if anything will restore the spots. However, you might try touching them up with ammonia. Gasoline will clean the dress. It will also dye black very nicely.

Dear Miss Wise.—Can you help

Don't Merely "Stop" a Cough

Stop the Thing that Causes It and the Cough will Stop Itself

A cough is really one of our best friends. It warns us that there is inflammation or obstruction in a dangerous place. Therefore, when you get a bad cough don't proceed to stop it with a lot of drugs that merely "stop" the cough temporarily by deadening the throat nerves. Treat the cause—kill the inflamed membranes. Here is a home-made remedy that gets right at the cause, and will make an obstinate cough vanish more quickly than you ever thought possible.

Put 2 1/2 ounces of Pinex (50 cents worth) in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you a full pint of the most pleasant and effective cough remedy you ever used, at a cost of only 4 cents. No better to prepare. Full directions with Pinex.

It heals the inflamed membranes gently and promptly that you wonder how it does it. Also loosens a dry, hoarse or tight cough and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent low cough.

Pinex is a highly concentrated compound of Norway pine extract, rich in quinine, and is found in the world over for its healing effect on the membranes.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Dear Dolly.—I have a plush coat that is fifty-four inches long, and would like to have it made over with belt. Can you tell me what material would be suitable for collar and cuffs, and also for the belt?

MRS. M. S.
Have your coat cut out until it is a three-quarters length. Use the material that comes off the bottom to make the belt. Why not add a heavier collar and cuffs? This fur can be bought in strips, and wouldn't make your coat too expensive. Have the collar high, and if you feel you can not afford to have both collar and cuffs of heavier, have the cuffs of plush, and just have the fur collar.

Dear Miss Wise.—Some time ago I packed away some eggs in water glass. Now the solution has become white and thick. Do you think I ought to change them into a new solution?

ECONOMICAL WIFE.
You need not renew the solution. Hereafter when packing eggs be sure that each egg is perfectly fresh. None should be more than a week old at the most. Have enough liquid to cover them.

Two inches deep, and keep in a cool place.

Dear Miss Wise.—Please give me the name of the person who is at the head of the Deaf and Dumb Institution at Columbus, also the ages that people have to be to enter the same.

A READER.
Superintendent J. W. Jones. Persons between the ages of seven and 21 are admitted.

Dear Dolly.—Can you tell me something that will break me of the habit of sneezing, especially in public. It is very annoying.

A READER.
There are several old remedies suggested for sneezing, but one of the best of which I know is that of placing the tip of the tongue in the center of the roof of the mouth. This simple little device will often save you from an embarrassing "ka-choo."

Dear Miss Dolly.—A man I know very well touches his hat merely instead of lifting it from his head when he meets me. He argues that his way of doing is correct. What is your opinion of him?

HELEN.
My opinion is that the young man is either lazy or ill-bred. Being lazy in such a situation would also suggest ill breeding in any case. Hereafter refuse to speak to him unless he lifts his hat.

Dear Miss Wise.—When a toast is given what is the proper thing for the honored person to do?

LUTHER.
She should remain seated while the guests are drinking to her, and when they have finished, she should rise and thank them. If she has the ability she should make a suitable speech.

SOCIETY

The Ladies' Musicals will open the season's delightful afternoon recitals with a program next Monday afternoon at the High School auditorium. The first evening recital was an organ recital given at All Saints church and dedicated to the memory of Mrs. George O. Newman.

The next evening recital, on November 5th will be presented by Pasquale Talerico, a wonderful pianist of New York. There will be five artists' recitals given in the evening and ten regular afternoon recitals, all for \$2, and these tickets are transferable. Many prominent artists will be heard in the evening programs. The Ladies' Musicals is negotiating with a great American composer, Carrie Jacobs Bond, vocalist for the evening recital in April. The evening recitals alone are well worth the price of the tickets for the entire season. About one hundred and fifty have been sold, among them being:

Miss Jane Tuttle, dramatic soprano, and two assisting artists, Miss Genevieve Fedora and Miss Ruth Klambeck, both talented musicians. Miss Tuttle is a singer of rare merit and her programs are chosen with great skill. In them her superb dramatic soprano shows to the best advantage. She offers to the critical that which their judgment commends and to the average listener what satisfies and pleases. Miss Tuttle offers during her present tour the song recital entitled, "Hearts." The recital will be presented in two cycles: First, "The Breath of Love"; second, "The Joy of Living."

Miss Genevieve Fedora, the violinist, came to America with hearty recommendation of the great artists, Stokar Sevek, of Vienna, and Willie Hess, of Berlin. She has in an unusual degree that quality of sympathetic appeal by which an artist wins the hearts of an audience, while Miss Klambeck, the pianist, has made great success, and particularly with such organizations as the Theodore Thomas Orchestra, of Chicago, her native city, and the Philharmonic Orchestra of Berlin. As an accompaniment Miss Klambeck, by temperament and intelligence, is completely satisfactory. Tickets are on sale for \$1.00. Concerts begin at 8:15 o'clock.

Mrs. Josephine Morris, of Columbus, has returned home after a visit with Mrs. Robert J. Barry, of Fourth street.

Mrs. David Mitchell will entertain Mrs. Grant Williams and niece, Mrs. C. R. Salmons, and baby, C. R., Jr., of Buffalo, N. Y., at dinner this evening. Tomorrow they will spend the day with Mrs. Arthur Horr.

Bidule of Mayor Frick as a public official featured the addresses of the principal speakers at the two Republican meetings held in this city Wednesday evening, one at Twelfth and Findlay streets, the other at Republican headquarters in the Haldeman building on Gallia street.

Responsibility for the bursting of the water works reservoir was charged against the present administration by N. B. Gilliland, the principal speaker of the two meetings, while he and others who spoke challenged any one in the audience to show one good thing that Mayor Frick and his administration had accomplished for the city during his two years of office. All but one or two speakers plugged away every few minutes during their speeches with the statement that the present mayor hadn't done one thing that had benefited the city during his entire term of office.

N. B. Gilliland, erstwhile candidate for the Republican nomination for mayor, and who assumed the role of chief speaker at each meeting, had a new explanation for the bursting of the reservoir, which he advanced at each meeting. Mr. Gilliland said: "Says Frick is To Blame For 'Break'."

"How many of you know the actual truth of the breaking of the reservoir? Not many, do you? The Democratic administration is responsible for it, and I have come out this evening to set the people right on it."

"The intake pipe at the reservoir is 18 inches in diameter and water forced into the reservoir through it. The outlet pipe is twelve inches in diameter, and water flows out of the reservoir by its own weight. Now, any one knows that water can't go out of a 12 inch pipe as fast as it is pumped in through an 18 inch pipe."

"There is a sign at the pumping station which warns the engineers from pumping water into the reservoir after it contains fifteen feet of water. This order was disregarded. They kept pumping and pumping until the roof of the reservoir was lifted up by the pressure of the water and the side fell out."

Mr. Gilliland made this explanation at both meetings and seemed to lay great stress on it as an issue in the present campaign. At the outset, Mr. Gilliland pledged his loyalty and support to the Republican ticket. He admitted that he wasn't always right with his party, but declared that this year he was in accord with the organization behind the Kaps candidacy.

He called attention to the promise that he had made when he was a candidate that he would support the winner and added that he was now making good his word.

At both meetings he issued the following sweeping challenge:

Here's New Vigor For Overworked Stomachs

Wurster Bros., the popular druggists, have developed a new business enough to have their own opinion of the best way of getting medicines. They say the plan adopted by Wurster Bros. is the best ever heard of. They don't believe that a medicine ought to be paid for when it does the user some good. And Wurster Bros. is sold under a positive guarantee to give you a refund of the money if you don't get some good out of it. You simply leave 50 cents on deposit with Wurster Bros. and if, after you have used the box of Wurster Bros. you don't feel that it has done you some good, all you have to do is to tell them so and they will return your money.

Hundreds of people have been relieved of stomach troubles by using this remarkable remedy. It is not simply a food of the digestive organs, but it puts all the digestive organs into normal condition and gives them a healthy, vigorous, and active life. A change for the better will be seen after the first few doses of Wurster Bros. and its continued use will soon give you a permanent cure. This is the strongest proof that can be offered as to the merit of the medicine.

Nothing lessens a man's success in his work or a woman's attractiveness in her life more than a weak stomach, with its attendant evils. Use Wurster Bros. and see how much more there is in life.

the place," he said. "He is a candidate on the same platform on which he was nominated, a platform of progress, economy and fair dealing."

"A man convicted in Bert Kaps' court will be convicted on the law and evidence instead of on suspicion. He stands for law enforcement, but he won't try to see how many fines he can collect from police court offenders. The law is a shield as well as a sword. It is to protect the innocent as well as to punish the guilty."

Here, Mr. Sheppard lauded former Mayor H. C. Searcy to the skies for his statement that in the case of doubt of guilt, he would be governed by the emotions of his heart. "Mayor Searcy was fair and honest," said Mr. Sheppard.

Mr. Sheppard closed his talk with a plea for support of the entire Republican ticket, which he said was too good a one for the voters to turn down. He warned against over-confidence, and urged every man to be at the polls on election day.

"E. K. S." Also Makes Speech
Kaps' election by from 1200 to 1500 majority was prophesied by E. K. S. Clinkenbeard, one of the principal speakers at the meeting at headquarters in the Haldeman building.

Mr. Clinkenbeard's talk was a vigorous defense of the Tynes administration, which he emphasized, and again during his half hour's speech. He reiterated often the statement, "What has Mayor Frick done during his two years of office that Fred Tynes wouldn't have done if he had been in office?"

"Admitting for the sake of argument that mistakes were made at the water works, how does it come, that in twenty-one months those mistakes were not repaired? Why didn't Frick devote more time to repair work if the Tynes administration was at fault?"

"Frick's election to office was not a victory, it was a gift. A gift from Squire Byron." The speaker then spoke of Mayor Tynes' service to the people during the 1913 flood as a sample of the service, that characterized his administration.

"I have heard more criticism of Mayor Frick from Democrats than I have from Republicans, which leads me to believe that Mr. Kaps will receive the largest majority ever given to a candidate for mayor in this city."

Says "Drys" Are For Mayor Frick
"They say the dries are going to vote for Mayor Frick. Well, the Democrats are going to vote for Kaps. It's fifty-fifty there. Now if we but add the normal Republican majority in this city, Kaps will receive from 1200 to 1500 majority."

Like the other speakers, Mr. Clinkenbeard ridiculed the mayor's letter writing, and referred to the publication of one of his letters in the humor column of the Enquirer as an argument why he should not be re-elected. He also referred to his conduct of police court as another reason why he should be defeated.

"If the good God disposes justice without mercy like Mayor Frick, believe me, there's going to be lots of room in heaven."

"I only know of two men who never made a mistake, our blessed Savior, Jesus Christ, and Adam Frick."

Mr. Clinkenbeard claimed that the wet and dry question had been injected into the local campaign, a condition which he insisted should not exist. He said a man had the right to be either wet or dry, as he chose. But, he added, Republicanism was a permanent institution, while the wet and dry issue was but a passing incident.

"If you can't make your son be a man, how do you expect the state legislature to do it?" he asked.

In conclusion, Mr. Clinkenbeard urged Republicans to vote for the Sprague gerrymander and defend the Tynes administration with all the force at their command.

"Bert" Spoke For A Minute
Mr. Kaps, the Republican nominee, was called upon for a statement, and responded with a one minute talk. He said:

"I didn't expect to be called upon for a speech; I expected to listen. I agree with Mr. Clinkenbeard that the Republican ticket is going to be triumphantly elected, but I think he has placed the majority too high. I have been around seeing the people, and everything looks all right. I don't think that our majority will be as high as Mr. Clinkenbeard says, but it will be near that point."

One of the first speakers at the meeting was D. W. Gustin, who devoted his time to a strong defense of the Sprague gerrymander, and a plea for Republicans to support it enthusiastically.

He referred to the opposition of the Times to the law and said that it was easily understood, as Messrs. Valle, Harold and Harry Taylor bossed the Democratic party in the county, and aspired to boss the Democratic party in the Sixth district.

The Republicans, he maintained, should play safe, and remain in a Republican district, rather than hazard their interests by remaining in a district that was normally close.

Chester Pick, aged 20, son of John Pick, of Carey's Run, was the first victim of a hunting accident of this season Wednesday afternoon, about 4:30 o'clock. The contents of one barrel of a double barrel shot-gun entered his right foot, one toe being shot away, the bones in three others being broken, and the top part of the foot badly torn.

Pick, who, it is claimed, has not the best of sight, started hunting in the hills back of his home, and was just getting into the thick woods when his gun was accidentally discharged, but thinks the trigger must have caught on a piece of brush. He realized the seriousness of the accident and started to crawl to his home. Near the house he called for help and several boys rushed to his aid and assisted him home.

Dr. T. N. Hopkins, of Friendship, was called. He found the little toe shot off the bones in the next two broken so badly that he had to remove them, and the bone in the fourth broken, but not enough to warrant its removal. The top part of the foot is badly torn, the shot going clear through it.

Pick and his father are well known in this city. They are painters.

The young man was very weak Wednesday night from the loss of blood, but Thursday morning was better.

"WEIGHED IN THE BALANCE"

It has been weighed in the balance of public opinion, and found wanting. The development and wonderful sale of Tanlac, is a romance of the business world. The demand for this, the "Master Medicine" is so great that laboratories are being constantly enlarged.

All over the country Tanlac is working wonders, in restoring to health those who are afflicted. In most every block in the city of Portsmouth, one may have access to some friend or neighbor who can acquaint him with the merits of this medicine. And it might be remarked that first hand information is always the best.

For the benefit of their friends, the very best citizens are making statements daily, telling what their individual experience has been. Below is one of many:

It was through seeing statements in the newspapers that induced me to begin the Tanlac treatment, so in making this statement I trust it may be the means of other unfortunates finding relief. I had long been a sufferer from liver and stomach disease, and Chillicothe Sts.

Tanlac is known as the "Master Medicine", and is on sale in Portsmouth at the Fisher & Streich Pharmacy, corner Sixth front liver and stomach disease, and Chillicothe Sts.

The Kind You Have Always Bought.

THIS is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Cass. H. Fletcher for over 30 years—the genuine Castoria. We respectfully call the attention of fathers and mothers when purchasing Castoria to see that the wrapper bears his signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeits and imitations, but our present duty is to call the attention of the younger generation to the great danger of introducing into their families spurious medicines. It is to be regretted that there are people who are now engaged in the nefarious business of putting up and selling all sorts of substitutes, or what should more properly be termed counterfeits, for medicinal preparations not only for adults, but worse yet, for children's medicines. It therefore devolves on the mother to scrutinize closely what she gives her child. Adults can do that for themselves, but the child has to rely on the mother's watchfulness. Genuine Castoria always bears the signature of *Charles H. Fletcher*

"How many of you know the actual truth of the breaking of the reservoir? Not many, do you? The Democratic administration is responsible for it, and I have come out this evening to set the people right on it."

"The intake pipe at the reservoir is 18 inches in diameter and water forced into the reservoir through it. The outlet pipe is twelve inches in diameter, and water flows out of the reservoir by its own weight. Now, any one knows that water can not go out of a 12 inch pipe as fast as it is pumped in through an 18 inch pipe."

"There is a sign at the pumping station which warns the engineers from pumping water into the reservoir after it contains fifteen feet of water. This order was disregarded. They kept pumping and pumping until the roof of the reservoir was lifted up by the pressure of the water and the side fell out."

Mr. Gilliland made this explanation at both meetings and seemed to lay great stress on it as an issue in the present campaign.

At the outset, Mr. Gilliland pledged his loyalty and support to the Republican ticket. He admitted that he wasn't always right with his party, but declared that this year he was in accord with the organization behind the Kaps candidacy.

He called attention to the promise that he had made when he was a candidate that he would support the winner and added that he was now making good his word.

At both meetings he issued the following sweeping challenge:

Here's New Vigor For Overworked Stomachs

Wurster Bros., the popular druggists, have been in the drug business long enough to have their own opinion of the best way of selling medicines. They say the plan adopted by them is the great secret of their success. It is the plan of selling medicines on a "guarantee" basis. They don't believe that a medicine ought to be sold for what it is worth, but they believe it ought to be sold for what it is worth, plus a guarantee. Wants To Know What
Good Mayor Has Done

"I want any one in the audience to name one good thing that Mayor Frick has done since he has been mayor. Just one thing, for I speak tomorrow evening, and I want to give him credit for anything he has done."

At the North End meeting, he was interrupted by a negro who said, "No one could tell you anything," but the crowd down town heard his challenge in silence. At the down town meeting some one replied "Typewriting," which brought great applause.

Continuing Mr. Gilliland said: "It makes me sick and tired when I hear some people saying what good things Mayor Frick has done for the city. Some of them are just like a flock of sheep following a leader."

Mr. Gilliland laid great stress on the mayor's police court, which he said was conducted without any reference to law. He said that the mayor persecuted the innocent, denied the offenders the right to jury trials, treated attorneys with a lack of ordinary courtesy, and disregarded the law in passing sentences.

"People ought to resent the insults heaped upon them by Mayor Frick by giving Bert Kaps the largest majority ever given to a mayoralty candidate in this city," he shouted.

Mr. Gilliland said that some people might think that he was against the mayor because it was reported that he "knocked the attorneys out of fees in police court," but disclaimed any such cause. He said: "I'd like to see any son-of-a-gun lawyer who could tell Mayor Frick anything. I haven't been to a vaudeville show outside of the mayor's office for the past two years. I can't even talk about the mayor's office without laughing."

In conclusion, Mr. Gilliland referred to the arrest of some shoe strikers over a year ago by the mayor as sufficient reason why the laboring men should vote against him. He also added that the mayor approved of an irregular band that had purposely been drawn up by Judge A. Z. Blair, the attorney for the shoe manufacturers.

Mr. Sheppard

Makes Address

George W. Sheppard was the other speaker at both meetings, and he delivered practically the same speech at both meetings, except that in the North End meeting, he laid great stress upon the activities in the North End, their charities to the poor, all of which he claimed had been continued by the present Republican candidate.

"Bert Kaps has done more to bless the homes of the North End than any man in Portsmouth," said Mr. Sheppard, "and I am sure that the voters of this section of the city will not forget that on November 2."

"Bert Kaps knows what work is himself; he knows the value of work; he knows when men are tired and weary, knows when they are hungry; he knows about paving streets, constructing sewers, erecting buildings, and all sorts of construction work."

Mr. Sheppard was another speaker who dwelt upon the claim that Mayor Frick had not done one good thing for the city that wasn't laid out for him by the preceding administration. He said:

"What new construction the Frick administration has done was planned by the Tynes administration. The paving and double-tracking of Gallia pike, the sewerage system for the Hilltop section, the completion of the flood wall, the improvements of the upper and lower esplanade, all this was planned by the Tynes administration, and was to have been carried out as soon as we had the water works job off our hands."

"As Harry Ransom said in the last primary campaign, 90 percent of the water works was completed by the Tynes administration. Any new improvements must be planned by Republicans. They are ones that do big things. It is a good time to change now, so that more improvements can be planned."

"Any man can write letters, but it isn't every man who can attract the funny side of the Enquirer, Luke Melake."

Mr. Sheppard then laid great stress on the fact that Mayor Frick owned a large farm in this county, that he was independently wealthy, and didn't need the office. He thought it was about time that the people helped somebody who needed it.

Says Kaps Is Man For Place

"Bert Kaps is just the man for

One Barrel Of Shot Gun Emptied
Into Right Foot Of Chester Pick

the place," he said. "He is a candidate on the same platform on which he was nominated, a platform of progress, economy and fair dealing."

"A man convicted in Bert Kaps' court will be convicted on the law and evidence instead of on suspicion. He stands for law enforcement, but he won't try to see how many fines he can collect from police court offenders. The law is a shield as well as a sword. It is to protect the innocent as well as to punish the guilty."

Here, Mr. Sheppard lauded former Mayor H. C. Searcy to the skies for his statement that in the case of doubt of guilt, he would be governed by the emotions of his heart. "Mayor Searcy was fair and honest," said Mr. Sheppard.

Mr. Sheppard closed his talk with a plea for support of the entire Republican ticket, which he said was too good a one for the voters to turn down. He warned against over-confidence, and urged every man to be at the polls on election day.

"E. K. S." Also

Makes Speech

Kaps' election by from 1200 to 1500 majority was prophesied by E. K. S. Clinkenbeard, one of the principal speakers at the meeting at headquarters in the Haldeman building.

Mr. Clinkenbeard's talk was a vigorous defense of the Tynes administration, which he emphasized time and again during his half hour's speech. He reiterated often the statement, "What has Mayor Frick done during his two years of office that Fred Tynes wouldn't have done if he had been in office?"

"Admitting for the sake of argument that mistakes were made at the water works, how does it come, that in twenty-one months time, those mistakes were not repaired? Why didn't Frick devote more time to repair work if the Tynes administration was at fault?"

"Frick's election to office was not a victory, it was a gift. A gift from Squire Byron."

The speaker then spoke of Mayor Frick's service to the people during the 1913 flood as a sample of the service that characterized his administration.

"I have heard more criticism of Mayor Frick from Democrats than I have from Republicans, which leads me to believe that Mr. Kaps will receive the largest majority ever given to a candidate for mayor in this city."

Says "Drys" Are For Mayor Frick

"They say the drys are going to vote for Mayor Frick. Well, the Democrats are going to vote for Kaps. It's fifty-fifty there. Now if we but add the normal Republican majority in this city, Kaps will receive from 1200 to 1500 majority."

Like the other speakers, Mr. Clinkenbeard ridiculed the mayor's letter writing, and referred to the publication of one of his letters in the humor column of the Enquirer as an argument why he should not be re-elected. He also referred to his conduct of police court as another reason why he should be defeated.

"If the good God disposes justice without mercy like Mayor Frick, believe me, there's going to be lots of room in heaven."

"I only know of two men who never made a mistake, our blessed Saviour, Jesus Christ, and Adam Frick."

Mr. Clinkenbeard claimed that the wet and dry question had been injected into the local campaign, a condition which he insisted should not exist. He said a man had the right to be either wet or dry, as he chose. But, he added, Republicanism was a permanent institution, while the wet and dry issue was but a passing incident.

"If you can't make your son be a man, how do you expect the state legislature to do it?" he asked.

In conclusion, Mr. Clinkenbeard urged Republicans to vote for the Sprague gerrymander and defend the Tynes administration with all the force at their command.

"Bert" Spoke

For A Minute

Mr. Kaps, the Republican nominee, was called upon for a statement, and responded with a one minute talk. He said:

"I didn't expect to be called upon for a speech; I expected to listen. I agree with Mr. Clinkenbeard that the Republican ticket is going to be triumphantly elected, but I think he has placed the majority too high. I have been around seeing the people, and everything looks all right. I don't think that our majority will be as high as Mr. Clinkenbeard says, but it will be near that point."

One of the first speakers at the meeting was D. W. Gustin, who devoted his time to a strong defense of the Sprague gerrymander, and a plea for Republicans to support it enthusiastically.

Ala! The Secret Is Out

He referred to the opposition of the Times to the law and said that it was easily understood, as Messrs. Vallee Harold and Harry Taylor bussed the Democratic party in the county, and aspired to boss the Democratic party in the Sixth district.

The Republicans, he maintained, should play safe, and remain in a Republican district, rather than hazard their interests by remaining in a district that was normally close.

A sample ballot was exhibited by Chairman Young after Mr. Gustin's talk, instructing those present how to vote for the law.

Mr. Gustin was followed by Senator W. D. Tromper, who also spoke in support of the Sprague law, claiming that it was the most important amendment from the standpoint of the Republican party to be voted upon. He insisted that now was the time for the Republicans to undo the work of the Democrats in redistricting the state over two years ago.

Senator Doesn't Trust Democrats

Senator Tromper also warned the Republicans not to place too much faith in Democrats voting against Mayor Frick, but to double their efforts in getting out the full party vote for Mr. Kaps.

He said that the present campaign was a fore-runner of the national campaign next year, which he prophesied would be concluded with a rousing Republican victory. The present good times he attributed to the European war, and said that our country would be more impoverished than ever when that great conflict was over.

Candidate Skelton Was Right There

Ansel Skelton, the Republican candidate for city solicitor, made a brief talk, in which he expressed his confidence of Republican victory. He said he had been out canvassing the city, and felt encouraged with the outlook. He also complimented the First Ward Republican club for its activity in Republican circles.

The meeting at Twelfth and Findlay streets was marked by a thin attendance, less than forty persons being in the crowd, including Chairman Smith and other members of the campaign committee who were present. Rev. Addison Hiley, colored, officiated as chairman. The speakers spoke from John Eckhart's automobile.

A large attendance, however, was present at the meeting in the Republican headquarters, which was presided over by Dr. P. W. Young, chairman, over 100 voters remaining seated throughout the entire meeting.

Republican leaders are planning a systematic pre-voting campaign all over the city next week. In some instances, cards were mailed out today calling the attention of the voters to meetings on different evenings of next week in their respective precincts.

Democratic candidates, committeemen and precinct workers will meet at headquarters in the Teyler building on Second street, between Chillicothe and Washington streets, this evening to plan an active city-wide campaign from now until election day.

Harmony reigns in the Democratic camp, according to the reports of the committeemen from the different precincts, and Democrats all over the city are united in support of their municipal ticket.

Plans for a dignified and educational campaign until election day will be decided upon.

Republicans of the Fourth Ward will hold a rally tonight in the Dial hall on Gallia street. Messrs. George W. Sheppard and N. B. Gilliland, the principal speakers at the

Chester Pick, aged 20, son of John Pick, of Carey's Run, was the first victim of a hunting accident of this season Wednesday afternoon, about 4:30 o'clock. The contents of one barrel of a double barrel shotgun entered his right foot, one toe being shot away, the bones in three others being broken, and the top part of the foot badly torn.

Pick, who, it is claimed, has not the best of sight, started hunting in the hills back of his home, and was just getting into the thickly wooded part when his gun was accidentally discharged. Pick is unable to tell how the gun was discharged, but thinks the trigger must have caught on a piece of brush. He realized the seriousness of the accident and started to crawl to his home. Near the house he called for help and several boys rushed to his aid and assisted him home.

Dr. D. N. Hopkins, of Friendship, was called. He found the little toe shot off, the bones in the next two broken so badly that he had to remove them, and the bone in the fourth broken, but not enough to warrant its removal. The top part of the foot is badly torn, the shot going clear through it.

Pick and his father are well known in this city. They are painters.

The young man was very weak Wednesday night from the loss of blood, but Thursday morning was better.

At the same time the Second Ward Republicans will hold a meeting at Republican headquarters in the Haldeman building, which will be featured by short talks from Republican candidates and orators. A plan of organized work in the ward from now on until election day will be discussed.

On Friday evening, at 7:30 o'clock, a general meeting for all Republicans will be held at Republican headquarters. The committee is planning a rousing meeting, and an effort is being made to get out a representative gathering from all over the city.

"WEIGHED IN THE BALANCE"

It has been weighed in the balance of public opinion, and found not wanting. The development and wonderful sale of Tanlac, is romance of the business world. The demand for this, the "Master Medicine" is so great that laboratories are being constantly enlarged.

All over the country Tanlac is working wonders, in restoring to health those who are afflicted. In most every block in the city of Portsmouth, one may have access to some friend or neighbor who can acquaint him with the merits of this medicine. And it might be remarked that first hand information is always the best.

For the benefit of their friends, the very best citizens are making statements daily, telling what their individual experience has been. Below is one of many:

It was through seeing statements in the newspapers that induced me to begin the Tanlac treatment, so in making this statement I trust it may be the means of other unfortunates finding relief. I had long been a sufferer from liver and stomach disease, and Chillicothe Sts.

Tanlac is known as the "Master Medicine", and is on sale in Portsmouth at the Fisher & Streich Pharmacy, corner Sixth and Chillicothe Sts. Adv.

The Kind You Have Always Bought.

THIS is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Cass H. Feltner for over 30 years the genuine Castoria. We respectfully call the attention of fathers and mothers when purchasing Castoria to see that the wrapper bears his signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeits and imitations, but our present duty is to call the attention of the younger generation to the great danger of introducing into their families spurious medicine. It is to be regretted that there are people who now are engaged in the nefarious business of putting up and selling all sorts of substitutes, or what should more properly be termed counterfeits, for medicinal preparations not only for adults, but worse yet, for children's medicines. It therefore devolves on the mother to scrutinize closely what she gives her child. Adults can do that for themselves, but the child has to rely on the mother's watchfulness. Genuine Castoria always bears the signature of Cass H. Feltner.

UNEMPLOYMENT.

According to statistics, said to be reliable, every man in the United States, on the average, hunts a new job once a year. Of course, we know that every man does not do such thing, but many men seek new jobs many times a year, and thus the average of changes for the year is one for every working man in this country.

Both employer and employee are finding out that it costs such something to effect these changes—that the employer is put to an expense when he has to seek a new employee, and that the employee is put to an expense when he has to seek a new job. Permanency of employment, therefore, is the only means whereby all concerned can hope to prosper to the maximum extent.

Next to unemployment, the worst thing is temporary employment. And the employer rather than the employee will have to solve the problem of temporary employment. It comes about in many instances by the desire of the employer to grab off sudden profits. That is, he has a chance to fill rush orders, and he loads up his factory with men whom he knows he can only employ temporarily. When the rush orders are filled, he must turn adrift the men whom he has secured for the time being. Had he figured upon filling the orders with the men already at work, he might have been able to do so, and thereby prolong the employment of the permanent men. In fact, the problem of unemployment must be solved through a process of eliminating the dull season, so-called, by making a year's output in a year, instead of rushing through it in ten months and closing down the plant for two months. All of this sounds trite and commonplace to the employer, of course, and simple enough to the employee, but the fact is the average American manufacturer has never learned to operate his factory upon those lines. He is either "rushed to death", or the factory is closed down.—Dayton News.

Regardless of whom the Democratic nominee for governor in 1916 may be the result seems duly forecasted. In this connection the Dayton News of former Governor Cox says: "The attempt of the Republicans in Ohio to ditch Governor Willis will do them no good. They can't swap horses in the middle of the stream of their misfortunes. It was not Mr. Willis as an individual who was responsible for his nomination. He was presented by the Republican party of Ohio.

The campaign of next year will be fought out on the issue of the bunco game that was worked in Ohio in 1914, and it makes no difference whom the G. O. P. presents as its candidate, the result is now written in the minds of the people."

Willis comes back from his trip to the fair to face this from the Youngstown Vindicator: "It cost \$187.50 for engraved invitations for the Willis reception at the Ohio building at the San Francisco exposition. That's a pretty fair sum for engraving in keeping with the dignity of the place and occasion, as the managing director of the Ohio building at the exposition doubtless would observe but the taxpayers back here in the state wouldn't care to squander even that sum to invite anybody out in California to have a look at the gentleman who holds the record for chicken gizzard consumption at a single sitting."

Since the Star says that Mayor Frick is responsible for the collapse of the reservoir, which he had steadfastly refused to approve and accept, it will also most likely contend that he was responsible for the walls of the pumping station cracking and crumbling before machinery could be moved into it. Was Frick to blame for that too? Or was it the contractor? And if so, who was the contractor? And why did he have to rebuild it at his own expense?

We do not really think that since the Republican city committee has caught ex-candidate Charlie McCannick on a sheet of fly paper called the presidency of the First Ward Republican Club and has galled Ray McElhenny with a lump of sugar called membership on the committee to solicit funds, the campaign can proceed unless Charlie Hard is appointed a committee to lure Harry Bannum into the battle as the chief orator of the day.

The man who stands on the First National Bank corner every day in the year, holidays included, says that he has heard so much about the history of candidates on various tickets, private and confidential and absolutely true history, from the heavy workers who earn their living by the sweat of their standing about on government square from daylight till dark, that he doubts if there is a real good man ever a candidate for office anywhere.

The main object of the Ohio moving picture censor board seems to be to find some film of real value and interest and then prohibit it from being shown in Ohio. Its latest freak has been to eliminate a love scene from one of Shakespeare's plays. If Haudet is ever produced for the movies we suppose the Ohio board will eliminate the murder scene.

Many Republicans in this section signed the petition for a referendum on the gerrymander bill. They did so because they knew that it was for the best interests of Scioto county to remain in the Sixth congressional district where she commanded the attention that her importance entitled her to. They did not want to be buried in the Tenth.

As yet that Brown county citizen who was appointed deputy inspector of workshops and factories has not shown up in these parts. Maybe he got a crook in his neck looking at some of the tall factory buildings in his district, and had to lay up for repairs.

AND THE SUBJECT PROMPTLY CHANGED

Tuesday was the 134th anniversary of the surrender of Cornwallis to Washington at Yorktown, the surrender taking place October 19th, 1781. In view of the conflict now going on across the sea, it is interesting to recall that Cornwallis' army was composed of English regulars and German mercenaries, while Washington was aided by a French army under Rochambeau.

That the tax bill of Ohio property owners will jump from \$93,000,000 in 1915 to over \$100,000,000 in 1916, is the assertion made by an expert at Columbus who has been studying the figures and estimates that have been turned in to the state tax commission. Farming communities as well as cities will alike have to pay more taxes. The cost of government is going up, going up.

One of the things we have noticed is that there are always a lot of unprincipled windjammers who are willing to go anywhere and talk on any side of any subject at so much per talk. And also that there are always a lot of men of principle who are willing to pay the freight and think that they have done great work for their cause.

Columbus is having one dance of a time electing a mayor under her new charter. There are some six or seven candidates and each one is sporting about his own qualifications at the rate of two or three spouts a night. Columbus has more politics anyway than the rest of the state together and maybe she is tough enough to stand the strain.

The state liquor license board objects to candidates making saloons their headquarters and lining the boys up to the bar and standing treat in hopes of catching a few stray votes. That is the worst that has gone out from Columbus and it will be hailed with relief by candidates in some sections, who thereby will be enabled to save many a dollar.

It is possible that the voters of New Jersey who swatted votes for women by over 50,000 had heard the news from Portsmouth where out of over 5,000 women entitled to vote for member of the school board, less than 500 registered.

Our good young governor is displaying almost as much cynicism about getting into the race for president as did Italy about going into the war. And maybe Willis may derive some profit from Italy's fate and decide that it is not so pleasant just to be among those present to be shot at.

When the Kaiser gets licked he fires a general or two and gets results. When the Allies get trimmed they can a statesman or two and keep on blundering in the field.

 O-O-MEINTYRE.

New York, Oct. 21.—Since sive and his name is in electric lights six feet high. The gimping parties now invade the heart of Harlem's Little Africa. There are 80,000 negroes in Little Africa and most of them resent the slummers that have sprung up there and especially do they resent the slummers.

The notorious Baron Wilkins, once proprietor of a hellish dive in the Tenderloin now runs a place at 134th street and Seventh avenue. The so-called Bohemians who like color in their night life now go to Little Africa. The dancing there smacks of the Orient. The other night a crowd of slummers were caught in a raid. Then men in the party were evading clothes and some were said to be persons well connected in the financial and commercial districts. The women were apparently of the better class and many were of the small town type in town to see the sights and find something to be duly shocked at. These got the shocks all right, only ahead of time.

The Princess Theatre, which used to rival the Polo Grounds as a home of horrors, will be the scene of a premiere called "The Mark of the Beast." Although the scenes of the play are laid near Hoboken, it is understood that the piece is not a comedy.

Louis Untermyer, one of Gotham's best poets, has been writing of a young dancer well known to Broadway. It seems that in the queer twistings of a delayed adolescence the boy came to New York to study the classics. He began to neglect Terence for the tango and Livy for Lillian Lorene, and was just beginning to wear his dinner-jacket in that carefully careless manner when his father died a bankrupt.

He was thrown upon his own resources and found he hadn't any so he became a chorus man. The dance craze came along and swept him into the heights. He has become a teacher most exclusively.

Many persons are wondering what the article was that could have been so valuable. Some have guessed that it was one of those house bootblacking outfits that every economist buys once in a life time and still others have guessed it was a patent trouser creaser.

But the real mystery has not been disclosed. Morris Hornfeld, truck driver, who will become Morris Horn if he becomes famous, has been taken up by Milton Aborn, the impresario and opera producer, who thinks the singing truck driver is a find.

The truck driver knows nothing of music, cannot read a note, but those who have heard his voice say he is a second Caruso. It would keep a man busy keeping track of these second Carusos.

They are as many of them as there are Sarah Bernharts' final tours.

MEXICANS KILL 3 U. S. SOLDIERS

AMERICANS WHO ARE DEFENDING TOWN ATTACKED IN BOLD MANNER

San Antonio, Texas, October 21---Three United States soldiers were killed and six others wounded in an engagement with Mexican bandits near Ojo De Agua, about two o'clock this morning. The troops, guarding the place which is near Mission, Texas, and about 30 miles north of Brownsville, were attacked by a large band.

STEADY TIDE OF GOLD POURS INTO NEW YORK GOVERNMENT OFFICE

New York, Oct. 21--So great has been the tide of gold poured into New York to pay the war bills of the belligerent nations that the task of melting it up to be turned into United States coin has almost overwhelmed the employees of the United States assay office here. They are working longer than they ever did before, but the piles of coin in bullion deposited by bankers grows instead of diminishing. No sooner is one consignment of the gold melted and sent to the Philadelphia mint than another shipment of mil-

GREECE IS TEMPTED BY ISLE OF CYPRESS

London, Oct. 21--The Daily Chronicle says it understands that Great Britain has communicated to her allies her offer of the Island of Cyprus to Greece, and that the offer is now under consideration by the Greek government. The paper, in an editorial, says: "The mass of the Greek nation is not behind M. Zaimis (the Greek premier) but behind 'M. Venizelos' (the former premier), and in order that its will may prevail over German influence in high places at Athens, the Allies must give tangible evidence of two things: Their good-will toward Hellenism and their power. As a proof of good-will, they have offered Cyprus. The offer is a notable one, not only because of its magnitude, but because we are offering something already in our hands to give, and if the Greek nation allows the Zaimis government to reject it, it will have to revise its views of the seriousness of Hellenic aspirations."

25,000 Prisoners; 150 Cannon Are Claimed By French From Drive

Paris, Oct. 23--An order of the day issued by General Joffre, commander-in-chief of the French army before the beginning of the recent offensive movement of the entente troops in Champagne, is published here as follows: "General Headquarters, September 23. "General Order No. 43. "Soldiers of the republic: After months of waiting, which has enabled us to increase our forces and resources while our adversary has used his, the hour has come to attack; to win and to add fresh pages of glory to those of the Marne, Flanders, the Vosges and Arras. Behind the whirlwind of iron are let loose, thanks to toil in the factories of France where your brothers have worked for us night and day--you will go to the assault all together along the whole front, in close union with the armies of our allies. "Your plan will be irresistible. It will carry you to the adversary's batteries beyond the fortified lines he opposes to you. You will give him neither peace nor rest until victory has been gained. Go forward with stout hearts for the deliverance of your native soil, for triumph, justice and liberty. (Signed) "J. JOFFRE." How well this appeal was answered is shown by another order issued October 3, which follows: "The commander-in-chief expresses to the troops under his orders deep satisfaction at the results obtained up to the present by their attacks. "Twenty-five thousand prisoners, 350 officers, 150 cannon and material which has not been enumerated are the trophies of the victory, the measure of which may be gauged by the impression made throughout Europe. "None of the sacrifices so readily made are in vain. All have borne a share in the common task. The present is a sure guarantee to us of the future. The commander-in-chief is proud to command the finest troops France has ever known. (Signed) "J. JOFFRE."

GREAT BATTLE BEING FOUGHT WITH FATE OF SERBIA IN THE BALANCE

Paris, Oct. 21--The Athens correspondent of the Hays Agency sends the following dispatch under date of Wednesday: "A great battle is going on on the heights of Vlassova and Kotchana. The Bulgarian object seems to be to march on Monastir so as to cut communications with Saloniki. In the Negotin region two Bulgarian attacks have been repulsed. "Communications between Nish and Uskup are cut. "The ministers of the quadruple entente have left Nish for Krajevo. The Bulgarian army is advancing rapidly on Kumanovo and Uskup, according to information from a Bulgarian source." Athens, Oct. 20.--(Via Paris, Oct. 21.)--A dispatch received by the Russian legation announces that the Bulgarian troops have not taken Vranja, as has been reported. They are said to have been held up by the formidable defenses of Vlasina. However, they have succeeded in occupying the railroad north of the town. The great battle continues it is stated, and remains indecisive. Paris, Oct. 21.--The diplomatic corps at Nish, Serbia, after preparing to quit that city, postponed their departure, communications having been cut with Saloniki, according to a special dispatch from Athens. The message says that traffic between Saloniki and Monastir has been suspended as the result of floods, and that the occupation of Vranja has stopped communication between Uskup and Nish. Telegraphic communication with Nish has been interrupted for four days, it is stated.

Leaders Threaten To Forsake Him; U. S. To Enforce Embargo On Arms

New York, Oct. 21--Leaders here of the Mexican conventionist party, the embargo proclamation issued by which General Villa is the head, President Wilson. The state, war, were reported today to have notified and justice departments will continue that he must give up the fight, operate in its enforcement. Instructions to that end already have been sent to consular officers, department of justice agents and federal district attorneys along the border and to Major General Funston. "An order issued by the president supplementing the proclamation specifically exempts from the prohibition the shipment of war munitions to the recognized defacto government, of which General Carranza is chief executive. The proclamation is aimed at all Mexican fighting forces opposed to Carranza, particularly those represented by General Villa. The exemption modifies the country or to continue fighting the applies to the border states of Chihuahua, Sonora and Lower California. Villal's generals, are here. "Will Enforce Embargo On Arms Washington, Oct. 21--Orders went forth from the treasury department today to customs officials all along the Mexican border and at all ports of the United States not to permit shipments of arms and ammunition to Mexico, except to the faction represented by General Carranza. Representative Is Withdrawn Washington, Oct. 21--George C. Carothers, for the last three years special agent of the state department attached to General Villa's army, has been withdrawn as one of the consequences of the recognition of General Carranza. Hereafter the American government will have no official dealings with Villa.

Girl's Mother And Brother Accused

Paris, Oct. 21--As a result of ever, soon were current and a post-mortem examination revealed that ious death last August of Marie Christophe, a young girl belonging to a wealthy family. Jean Christophe, her brother, and Madame Marguerite Christophe, the mother, were arrested last night. During the night on which Marie Christophe met her death, a fire occurred in her home. Neighbors rushed in and found the girl dead, with wounds on her head. These injuries, it was explained at the Christophe home, were caused by the girl being struck by a part of the ceiling which was brought down by the fire. Sinister rumors, however, were current and a post-mortem examination revealed that the wounds were caused by a sharp instrument. The theory that robbers committed the deed was then put forward. The family offered a reward for the capture of the guilty persons and engaged a famous private detective of Paris, all without result. Yesterday Examining Magistrate Guerin summoned the mother and brother to his office. After an examination lasting for several hours, he ordered the arrest of both.

A Few Punts And Passes

Now that Huntington's game is on the next, both teams, Portsmouth and the school's football team and loyal supporters expect the Red and Blue to go through the remainder of the season without a defeat. The South High game on Tuesday will be the hardest of the remaining battles to fight and P. H. S. is anticipating little trouble from the up-staters. The game with Huntington brought out the playing ability of the lads who defend the Red and Blue on the field.

A change made last Saturday has been made permanent. Brandt will remain at center in place of Marling.

Captain Norman Duweil, at right tackle and "Bill" Quinn in the same position on the left side of the line could not have improved on their work Saturday. The boys got their man every time and the scoreless game was featured by their playing.

"Pete" Brandt, who played end last year and the same place in the first two games of this season played a star game at center against Huntington. "Pete" brother Harry played center for a P. H. S. team four years ago and "Pete" means to make his brother's record fade away, his own to take its place.

"Cole" Coleman broke into the games last year as an end but this season Coach Hart has found a better place for him at guard. Lewis who plays guard with Coleman was not in last Saturday's game on account of injuries but he will be back in trim for the Jackson game.

"Les" Stutter, left end, is considered the best runner on the team. "Les" was in the game last season at end. Injuries kept him from taking part in all of the Huntington game until the last few minutes.

It will be hard to fill Brandt's place at end. "Red" Paul Williams and "Slim" Trone will always be on hand to execute the duties of right and "Red" did splendidly in last Saturday's game. His breaking up of plays was away above par. "Slim" Trone played end Saturday and was in every play.

Vance Morris has been placed as the regular quarter back. Vance played in several games last year and the way he handled the team against Huntington won him a home at quarter.

"Pat" Shoemaker by no means a big strong lad is making good at halfback along with "Shorty" Thomas who is not much bigger than a rifle. Both lads use their heads and pick the biggest holes in the line.

The powerful lad on the team is Full-back, Leon Leake. Wilson, fast and fearless, "Leake" is in every play and when it comes to making line plunges he cannot be stopped.

On the substitute list is Wagner for the backfield and Ball and Grossman for the line.

HAUGHTON'S HUSKY SQUAD IS EXPECTED TO WIN CHAMPIONSHIP

Coach Haughton (in white sweater) leading Harvard squad to field for daily practice. Harvard football prospects are considered unusually bright and the poor showing of Yale leads to the belief that Coach Haughton's charges will have an easy time winning the eastern championship again this year.

Is Dividing Time Between 2 Teams

Coach Hart from now on will divide his time between the first and second teams representing P. H. S. The second team will be composed of all good players, the majority of whom are out for football for their first time. The first game will be played by the second team in Ashland on Saturday October 30. Ashland plays the second team a return game here on November 20 when the first team is in Jackson.

For a second team a lineup something like the following would be used:

The team would be built around Moller and Giger of last year's team. Marling would play center with Perkins and Sward at guards. Giger and Higgins will play the tackles with Tom Williams and Lowell Selby ends. Reece would name the plays from his position as quarter back. Moller would be used as fullback with Edwards and Anderson as halfbacks. Harold Flood, Guy Broadwater and Gerville McCall are showing up well in practice.

NOW COME ON M'DERMOTT

Sporting Editor Times

I want a small amount of space in your paper to reply to a statement made by the manager of the McDermott ball club. First, no team can claim the championship of Scioto county without having defeated all the other teams or at least having defeated the team winning the largest percent of games played. During the season I wish to state we have played twenty eight games and twenty three of these have been victories. If McDermott can come out with a better percentage than this I am ready to allow them to claim the best amateur team in the county barring the Spiders. I have as good a bunch of amateur players as any manager and should the Ohio State grounds be available stand ready to fight for the title as champion of Scioto county.

Respectfully,
Mgr. Wells Station Farmers.

HARVARD WILL TACKLE CORNELL

Cambridge, Mass., Oct. 21.—Nothing more strenuous than a lead spilt practice and a lengthy shadow drill occupied the attention of the regular Harvard eleven today. With Cornell looming up as the mightiest opponent yet encountered, Coach Haughton is taking his chances of having some of his best performers hurt through overwork or in a hard scrimmage.

Hank Gowdy Home

Harry ("Hank") Gowdy arrived home from Boston yesterday evening, driving all the way from the Hub in his machine. The route he took led through Pittsfield, Syracuse, Buffalo and Cleveland. Gowdy described the trip as follows: "From Boston to Buffalo it was some trip, and from Buffalo to Columbus it was some more trip," says the Columbus Ohio State Journal.

The Braves' catcher saw the two world's series games that were played in Boston and, without taking leave, all credit due the Red Sox for the games played by them, it was his verdict that the American League had broken in the luck. The Columbus boy certainly saw enough pitching in the two series to know the fine points, and he says that the chucking put up in the last series was simply wonderful.

Why the Phillies were unable to put up more of an offensive game against the Sox he could not explain, but it was his opinion that had Moran's men shown the power to score, that they displayed during the season, the Red Sox would not have won so easily.

Trout To Be Coach

Prof. Gates Trout of the P. H. S. faculty is already booking basketball games for Prof. Trout will coach the Red and Blue basketball team along with doing the booking of the games. Ashland high school wrote Wednesday asking for two games. Two games each are being arranged with Gallipolis and Wellston. Jackson, Callettsburg, Chillicothe and Marysville teams will be booked. Brandt, Test, Duweil, Nutter, Quipa, Trone, Wilson, Wagner and Shoemaker are prospective players for this year's quintet.

Is Bossing Panhandles

STATE PLAYS WISCONSIN

Columbus, Oct. 21.—In preparation for what is now the biggest game of the season, that with Wisconsin, Director Wilson of Ohio State has his work cut out for him. This was fully proven on Ohio Field yesterday when the varsity scrimmaged with the freshmen for almost four hours. Although the showing of the varsity was more too good against the Wisconsin plays, used by the yearlings, another day's practice may correct the faults.

Lay Plans To Give A Series Of Socials

A success in every way was the social given by the Jr. O. U. A. M. lodge Wednesday evening in their hall, Fifth and Chillicothe streets for the benefit of the Jr. O. U. A. M. band. A neat sum was cleared, a crowd of over 125 being present. The proceeds will be used to purchase uniforms. Wednesday night's social is the first of a series of socials to be given for the benefit of the band, the success of last night's venture causing the committee in charge to make the announcement. Everybody present enjoyed themselves. The band rendered a number of selections and games of various kinds were played, after which refreshments of ice cream and cake were served. Frank H. Schmidt, P. W. Quicke and Charles Martin had charge of the social.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't stay gray! Here's a simple recipe that anybody can apply with a hair brush.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of Wyeth's Sage and Sulphur Compound, you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and surely that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant.

UNEMPLOYMENT.

According to statistics, said to be reliable, every man in the United States, on the average, hunts a new job once a year. Of course, we know that every man does not do such thing, but many men seek new jobs many times a year, and thus the average of changes for the year is one for every working man in this country.

Both employer and employee are finding out that it costs each something to effect these changes—that the employer is put to an expense when he has to seek a new employee, and that the employee is put to an expense when he has to seek a new job. Permanency of employment, therefore, is the only means whereby all concerned can hope to prosper to the maximum extent.

Next to unemployment, the worst thing is temporary employment. And the employer rather than the employee will have to solve the problem of temporary employment. It comes about in many instances by the desire of the employer to grab off sudden profits. That is, he has a chance to fill rush orders, and he loads up his factory with men whom he knows he can only employ temporarily. When the rush orders are filled, he must turn about the men whom he has secured for the time being. Had he figured upon filling the orders with the men already at work, he might have been able to do so, and thereby prolong the employment of the permanent men. In fact, the problem of unemployment must be solved through a process of eliminating the dull season, so-called, by making a year's output in a year, instead of rushing through with it in ten months and closing down the plant for two months. All of this sounds trite and commonplace to the employer, of course, and simple enough to the employee, but the fact is the average American manufacturer has never learned to operate his factory upon those lines. He is either "rushed to death", or the factory is closed down.—Dayton News.

Regardless of whom the Democratic nominee for governor in 1916 may be the result seems fairly forecasted. In this connection the Dayton News of former Governor Cox says: "The attempt of the Republicans in Ohio to ditch Governor Willis will do them no good. They can't swap horses in the middle of the stream of their misfortunes. It was not Mr. Willis as an individual who was responsible for his nomination. He was presented by the Republican party of Ohio."

"The campaign of next year will be fought out on the issue of the bunco game that was worked in Ohio in 1914, and it makes no difference whom the G. O. P. presents as its candidate, the result is now written in the minds of the people."

Willis comes back from his trip to face this from the Youngstown Vindicator: "It cost \$187.50 for engraved invitations for the Willis reception at the Ohio building at the San Francisco exposition. That's a pretty fair sum for engraving, in keeping with the dignity of the place and occasion, and the managing director of the Ohio building at the exposition doubtless would observe that the taxpayers back here in the state wouldn't care to squander even that sum to invite anybody out in California to have a look at the gentleman who holds the record for chicken gizzard consumption at a single sitting."

Since the Star says that Mayor Frick is responsible for the collapse of the reservoir, which he had steadfastly refused to approve and accept, it will also most likely contend that he was responsible for the walls of the pumping station cracking and crumbling before machinery could be moved into it. Was Frick to blame for that too? Or was it the contractor? And if so, who was the contractor? And why did he have to rebuild it at his own expense?

We do not really think that since the Republican city committee has caught ex-Candidate Charlie McCormick on a sheet of fly paper called the presidency of the First Ward Republican Club and has galled Roy McElhenny with a hump of sugar called membership on the committee to solicit funds, the campaign can proceed unless Charlie Hard is appointed a committee to lure Harry Bannon into the battle as the chief orator of the day.

The man who stands on the First National Bank corner every day in the year, holidays included, says that he has heard so much about the history of candidates on various tickets, private and confidential and absolutely true history, from the heavy workers who earn their living by the sweat of their standing about on government square from daylight till dark, that he doubts if there is a real good man ever a candidate for office anywhere.

The main object of the Ohio moving picture censor board seems to be to find some film of real value and interest and then prohibit it from being shown in Ohio. Its latest freak has been to eliminate a love scene from one of Shakespeare's plays. If Hamlet is ever produced for the movies we suppose the Ohio Board will eliminate the murder scene.

Many Republicans in this section signed the petition for a referendum on the gerrymander bill. They did so because they knew that it was for the best interests of Scioto county to remain in the Sixth congressional district where she commanded the attention that her importance entitled her to. They did not want to be buried in the Tenth.

As yet that Brown county citizen who was appointed deputy inspector of workshops and factories has not shown up in these parts. Maybe he got a crook in his neck looking at some of the factory buildings in his district, and had to lay up for repairs.

AND THE SUBJECT PROMPTLY CHANGED

Tuesday was the 134th anniversary of the surrender of Cornwallis to Washington at Yorktown, the surrender taking place October 19th, 1781. In view of the conflict now going on across the sea, it is interesting to recall that Cornwallis' army was composed of English regulars and German mercenaries, while Washington was aided by a French army under Rochambeau.

That the tax bill of Ohio property owners will jump from \$93,000,000 in 1915 to over \$100,000,000 in 1916, is the assertion made by an expert at Columbus who has been studying the figures and estimates that have been turned in to the state tax commission. Farming communities as well as cities will alike have to pay more taxes. The cost of government is going up, going up.

One of the things we have noticed is that there are always a lot of unprincipled windjammers who are willing to go anywhere and talk on any side of any subject at so much per talk. And also that there are always a lot of men of principle who are willing to pay the freight and think that they have done great work for their cause.

Columbus is having one device of a time electing a mayor under her new charter. There are some six or seven candidates and each one is spouting about his own qualifications at the rate of two or three spouts a night. Columbus has more politics anyway than the rest of the state together and maybe she is tough enough to stand the strain.

The state liquor license board objects to candidates making saloons their headquarters and lining the boys up to the bar and standing treat in hopes of catching a few stray votes. That is the word that has gone out from Columbus and it will be hailed with relief by candidates in some sections, who thereby will be enabled to save many a dollar.

It is possible that the voters of New Jersey who swatted votes for women by over 50,000 had heard the news from Portsmouth where out of over 5,000 women entitled to vote for member of the school board, less than 500 registered.

Our good young governor is displaying almost as much coyness about getting into the race for president as did Italy about going into the war. And maybe Willis may derive some profit from Italy's fate and decide that it is not so pleasant just to be among those present to be shot at.

When the Kaiser gets licked he fires a general or two and gets results. When the Allies get trimmed they can a statesman or two and keep on blundering in the field.

CITY COUNCIL CLEARS WAY FOR IMPROVEMENTS

Extension Of Flood Wall Is A Certainty, Will Restore Point

Revised estimates and plans for the proposed flood extension and restoration of the Point washed out by the 1913 flood having met with the approval of the public service department, city council Wednesday night suspended rules and passed the ordinance approving the plans, appropriating \$70,000 for the two improvements and authorizing the director to advertise for bids.

Rules had also been suspended on motion of Chairman Gulker, of the street committee, to pass an ordinance introduced by him to proceed with the improvement of Kendall avenue from Eighth to Gallia street, when Judge Osborn raised the point that future plans of the N. & W. railway in that vicinity and how they were going to effect the paving of that street, might be well to consider. He said he perhaps was not thoroughly familiar with the situation as some other members of council but that he recalled council having passed a resolution not to interfere with the N. & W.'s title to the street and that statements had been made that the railway was now claiming absolute title to 60 ft. there. He said it had been understood that one of the purposes in changing from a subway to an overhead crossing was to enable the N. & W. to enlarge its terminal facilities. He thought to pave a street which in a very few years would be occupied with railroad tracks would simply be adding unnecessary expense. He could see how property owners were indifferent, he said, because they felt they would get full value for their holdings from the railroad but not so with the city.

Mr. Shump remarked that if the railway company ever occupied anything it will be that part it is proposed to pave. Service Director Gergens said Division Engineer Losh, of the N. & W., had informed him only a few days ago that the company was going to buy everything from Ninth street north.

Talked Of Activity News To Gulker

Mr. Gulker declared that the talk of activity of the railway company was all news to him. He said he had heard rumors to that effect from time to time but inasmuch as they were aware of the city's plans and had never asked for a vacation of the street he thought they ought to get busy. If they wished to keep street assessments from piling up on them.

Judge James S. Thomas, who was present as a spectator, was asked by Mr. Osborn what property he owned in that vicinity. He said he had property near Ninth street and that it was under option to the N. & W. He said one reason why he had not presented a damage claim in connection with the Kendall avenue paving project was because he fully expected the railway company to buy his property. He thought it useless for the city to pave the street. President W. E. Cook also gave the opinion that the N. & W. would lay its additional tracks there within the next five years.

Mr. Wilson told of having given the N. & W. plans and that they provide for sixteen additional tracks and that they would take up at least 300 feet of space. Mr. Osborn expressed the fear that the city would never be able to recover its proportion of the cost of the paving work, while the property owners might and he thought this ought to be considered. Some thought it would be possible to improve the one square between Eighth and Ninth, leaving the N. & W. to plank that part north of Ninth. This would also eliminate the damage claims now totalling \$1600.

The motion to pass the ordinance was now withdrawn and one substituted by Judge Osborn to lay it on the table until the next meeting carried unanimously.

Damage Claims Were Submitted

The damage claims submitted by Kendall avenue property owners were the following: Duchler & Moulton, \$300, \$100 and \$100; H. A. Bierley, \$100; Ira E. Correll, \$200; Martin McMahon, \$300; Mary E. Royce, \$570. No damage claims were presented by property owners of Kendall avenue, north of the railroad tracks to Gallia street.

An estimate of \$2300 to extend city water main service to the new Bierley addition on Scioto trail, had already been referred to the solicitor for proper legislation when Engineer Wilhelm informed council that the addition was to be located outside the city limits. Mr. Westphal gave the assurance that the property owners were willing to pay the difference in order to get the benefit of the service. Mr.

Osborn, too, spoke in favor of the extension, declaring council ought to encourage the development of what promises to be a fairly respectable residential district there. He said the way houses were going up on the trail it might be necessary to extend the service to the Boulevard next spring. He felt that while engaged in installing such service the city should have in mind to meet future requirements. He advocated that immediate relief be given the Rose Ridge addition by installing the water service asked for by property owners there.

Needs of Addition Previously Presented

Judge Thomas and John Wilhelm had previously presented the needs of the addition. Seven houses now erected there are without such service and without fire protection. The addition was opened four years ago and many newer additions opened since have already been given a water supply. The property owners have at their own expense built a concrete bridge across the run at a cost of \$300 and otherwise saved money to the city and felt that the dead end water main at the head of Sixth street could be extended to the addition without much cost or trouble. Director Gergens said he had had the matter up with Superintendent Lynn of the water works department, who felt that nothing less than a 6-inch main should be run to the addition because it was sure to grow eastward and there would be much additional property to take care of. It was finally ordered that estimates be prepared on both 4 and 6 inch mains and on Mr. Osborn's motion the estimates to be accompanied by the necessary legislation.

Attorney William J. Meyer addressed council in the interest of Charles Horst dedicating a 36 ft. private street in the Horst addition. The solicitor was instructed to prepare legislation accepting the street.

Recommends Paving Of Massie Street

Chairman Gulker, of the street committee, recommended the paving of Massie street from Front to Second street, stating that he hoped to have waivers of all claims by the next meeting. Chairman Schumaker, of the law and claims committee, recommended that a value of \$1200 be set on the R. A. Mitchell estate's property at Fifth and Boundary streets and the street assessment fixed at \$400 instead of \$600 as before because Judge Ball, the administrator, had put the property which although on the tax duplicate for \$1600, on the market at \$1000 and yet was unable to secure a buyer. It was felt that he had a valid claim.

Chairman Mueller, of the light committee, reported that people in different parts of the city were still asking for further lights but the committee was without funds. He hoped the people would be patient and probably later he could take care of all needs in that respect.

Reservoir Claim Referred To McCall

A damage claim of Joseph Richmond for \$175.50 due to the reservoir break, was referred to the solicitor and service department. The following damage claims growing out of the change in grade of upper Gay street were referred to the city engineer, service department and N. & W. railway: Ben Johnson, \$150; Jeff Brown, \$20; Lena Ridenour, \$50; Florence McMahon, \$30; Joseph L. Crenshaw, \$20; Caroline Schwartz, \$150; S. J. Durnell, \$300; Leander Valentine, \$150.

A petition by Mr. Schumaker for a new light on Fourth street, west of Market street, was referred to the light committee.

Mr. Shump presented a petition for a sanitary sewer extension in the first alley east of Timmons avenue from Seventeenth to Twenty-first street. This and a petition for a sanitary sewer in the alley between Franklin and Hutchins avenues, from Seventeenth to Twenty-first streets were referred to engineer for estimates.

The Camel

When man first saw the camel, he was so frightened at its vast size that he fled away. After a time, perceiving the meekness and gentleness of his temper, he summoned courage enough to approach him. Soon afterwards, observing that he was an animal altogether deficient in spirit, he assumed such boldness as to put a bridle in his mouth, and to set a child to drive him. Use serves to overcome dread.—From Aesop's Fables.

To Remain Unsatisfied

Engineers say that among the things that will never be settled are the following: Whether a long screw driver is better than a short one of the same family; whether water wheels run faster at night than they do in the daytime; the best way to harden steel; which side of the belt should run next the pulley, and the right way to lace belts.

RAID HOME, TWO CAUGHT

Captain Grant Cooper and Officer John Smith raided the home of Frank Jenkins in an alley south of Seventh street and east of Funk's Gut, Thursday morning at one o'clock, arresting him and Mrs. Alice Snyder-Carrington. The woman was just in the act of retiring when the officers forced entrance to the room. She spent the balance of the night in the city prison. Officers had shadowed her from the time she finished her work of cleaning rooms at the Home Building company's place, 904 Sixth street.

The couple was fined \$10 each in police court Thursday morning.

Big Game Hunters To Arrive Tonight

A telegram was received by J. H. Varner this morning conveying the news that Attorney Henry T. Bannon and daughter Miss Elizabeth Bannon, and Attorney Arthur H. POLITICS

Democratic candidates, committee men and precinct workers will be featured by short talks from Republican headquarters in the Ferry building on Second street, between Chillicothe and Washington streets, this evening to plan an active city-wide campaign from now until election day.

Harmony reigns in the Democratic camp, according to the reports of the committeemen from the different precincts, and Democrats all over the city are united in support of their principal ticket. Plans for a dignified and educational campaign until election day will be decided upon.

Republicans of the Fourth Ward will hold a rally tonight in the District hall on Gallia street. Messrs. George W. Sheppard and N. B. Gilchrist, the principal speakers at the meetings Wednesday evening, will address the meeting, while several of the candidates will be present and will be called upon for short talks. The meeting will be called to order at 7 o'clock.

At the same time the Second Ward Republicans will hold a meet-

One Barrel Of Shot Gun Emptied Into Right Foot Of Chester Pick

Chester Pick, aged 20, son of John Pick, of Carey's Run, was the first victim of a hunting accident of this season Wednesday afternoon, about 4:30 o'clock. The contents of one barrel of a double barrel shot-gun entered his right foot, one toe being shot away, the bones in three others being broken, and the top part of the foot badly torn.

Pick, who, it is claimed, has not the best of sight, started hunting in the hills back of his home, and was just getting into the thickly wooded part when his gun was accidentally discharged. Pick is unable to tell how the gun was discharged, but thinks the trigger must have caught on a piece of brush. He realized the seriousness of the accident and started to crawl to his home. Near the house he called for help and several boys rushed to his aid and assisted him home.

Dr. D. N. Hopkins, of Friendship, was called. He found the little toe shot off, the bones in the next two broken so badly that they had to be removed, and the bone in the fourth broken, but not enough to warrant its removal. The top part of the foot is badly torn, the shot going clear through it.

Pick and his father are well known in this city. They are painters.

The young man was very weak Wednesday night from the loss of blood, but Thursday morning was better.

OBITUARY

A delightful visit of Mr. and Mrs. John Williams and children, of South Webster, had a sad ending at the home of her mother, Mrs. Ida Huffman, on Ohio avenue, New Boston, Wednesday evening, when Ethel, baby daughter of Mr. and Mrs. Williams, took suddenly ill and died.

Mr. and Mrs. Williams and children arrived at the home of Mrs. Huffman, Wednesday morning. The baby had been ill for the past few days, and on the way to New Boston took a sudden change for the worse. A physician was summoned and pronounced her past medical aid, the loved one passing away about six o'clock Wednesday evening. The child was six weeks old Wednesday, and besides the parents leaves one sister and two brothers. The family lived in South Webster only a short time.

Thursday the body was taken to Ashland, Ky., for interment.

Mrs. Margaret Johnson
In the death of Miss Margaret Johnson, aged 78 years, who passed away at the home of her widowed sister-in-law, Mrs. Robert Johnson at Frost, Ky., Thursday morning at 4 o'clock, there was removed from this life the last survivor of a family of twelve children.

Miss Johnson was a daughter of Joshua Johnson, a pioneer settler of Virginia in which state she was born. For the past twenty-five years she had made her home with the family of her late brother.

Claims Cooper Mad Votes For Democrats

Fullerton, Ky., October 21.—"chump nail, and it is the general opinion of everybody" that if he keeps up the present tirade he won't get a corporal's guard to vote for him in the general election. The certainly made votes here for his opponent. If not for the entire Democratic ticket. One man who has voted the Republican ticket all his life, said, "friend Cooper is certainly on the verge of political insanity." Come again, Mr. Cooper, we need you in this campaign.

What he did not say about Democrats, can be recorded on your record.

A CORRESPONDENT.

er, Robert Johnson, who died four years ago. She was affectionately known to relatives and friends as "Aunt Maggie."

Miss Johnson was stricken with paralysis December 1, 1914, and had been bedfast ever since, never fully recovering from the effects of the stroke. She was the aunt of T. L. Johnson, well known Frost, Ky., farmer and Mrs. Volney Thompson, of Frost, and Mrs. J. N. Horr, of Glover street, this city. Besides she leaves quite a number of nephews and nieces in Virginia and West Virginia.

Miss Johnson was a member of the Presbyterian church of Enzo, W. Va., and her remains will be taken to the family grave and there for burial Saturday.

Conrad Beesler

Conrad Beesler, an aged farmer of near South Webster, passed away at his home Wednesday afternoon, after three weeks' illness. His death was due to infirmities of age. He was past 80 years of age. The most of his life was spent on a farm near South Webster. In 1933 he was married to Maria Partridge. To this union eleven children were born. His wife and six children preceded him to the Great Beyond. The children left to mourn his loss are: Mrs. Bertha Nagle, Mrs. Henry Gyor, of Athens, W. Va.; Mrs. Mary Nagle, of Williams of Newark. A number of grand-children also survive. In 1901 he was married to Mrs. Emma Saylor, who still survives him. The funeral will be held Friday at the United Brethren church, South Webster. Burial in Pinkerman cemetery.

Telling Fresh Eggs.
To ascertain the freshness of an egg without breaking, hold it before a strong light and look directly through the shell. If the yolk appears round, and the white surrounding it clear, the chances are that the egg is fresh. Or drop it into water; if the egg sinks quickly and remains at the bottom it is in all probability fresh, but if it stands on end it is doubtful, and quite bad if it floats. The shell of a fresh egg looks dull, while that of a stale one is glossy.

WAR SHATTERS INTERESTING ROMANCE

Grand Duchess Olga.

An interesting romance has been shattered by the European war. Grand Duchess Olga of Russia, daughter of the czar, was reported a year ago as engaged to Crown Prince Boris of Bulgaria. Now Bulgaria is at war with Russia and the romance has come to an end.

Top, Russian war prisoners leaving train to go to the hospital at Törne; bottom, German war prisoners leaving hospital at Törne after their exchange.

Through the good offices of Sweden an arrangement has been concluded between Germany and Russia by which the severely wounded soldiers imprisoned in these two countries, who are crippled for life, are exchanged via Sweden. The exchange station is at Törne on the Gulf of Bothnia, where the Russian and Swedish frontiers meet. At regular intervals Russian and German nurses arrive here with their wounded charges. The Swedish nurses aid the work by taking charge of the cripples while the Russian war nurses who brought wounded German prisoners to Törne take back their injured countrymen brought there by the German nurses, and vice versa.

Wanted His Orders Direct

A rather quaint yarn concerns a certain general officer who was so misbegotten as to take his son with him as aid. The well-meaning young man, delivering an order to an artillery brigadier, who was feeling a bit nervous that morning, unwittingly said: "If you please, my father wants you to move your guns to so and so." "Very well, my boy," replied the brigadier. "Now run along and see what your mother wants done!"
